This Is Pleasure-Mary Gaitskill 2019 "In this powerful short fiction, Mary Gaitskill--whose searing honesty about gender relations has been legendary since the appearance of Bad Behavior in the 1980s--considers our moment through the lens of a particular #metoo incident. The effervescent and well-dressed Quin, a successful book editor and fixture on the New York arts scene, has long been one of Margot's best friends. When several women in his field accuse him of inappropriate touching and remarks, Gaitskill builds the account of his undoing through Quin and Margot's alternating voices, allowing readers to experience Quin as a whole person--one whose behavior toward women could be hurtful and presumptuous on the one hand, and keenly supportive on the other. Margot, an older woman who alternately despairs of and sympathizes with the positions of the younger women involved in Quin's case, is the thrumming engine of this remarkable piece of truth-telling. As Gaitskill has said, fiction is the only way that she could approach this subject, which she sees as subtly colored in shades of gray, rather than the black and white of our current conversations. Her compliment to her characters--and to her readers--is that they are unvarnished and real; her belief in our ability to understand them, even when we don't always admire them, is a beacon of humanity from one of our greatest contemporary writers"--

But the fact is that even an average person can attain success owing to their focused and consistent effort. Most of the prominent entrepreneurs of the world have always had a very big vision in their mind. A real entrepreneur always provides satisfactory resources and amenities to his large number of employees and those employees return their full time, energy and talent for the development of the organization as a whole. Many people believe that God writes our destiny. But God doesn't make anyone rich and poor. The almighty God can never do such injustice to human. We are creating our destiny knowingly or unknowingly by our habitual patterns thinking and behaving. Dare to take responsibility of your destiny, and start working for your pleasure. Align your dream, desire and belief in one direction.

Isaac Bashevis Singer-Alida Allison 1996 In his acceptance speech for the 1978 Nobel Prize for Literature, Isaac Bashevis Singer spoke of children as the ideal literary audience. His comments bespoke his own commitment, in the final years of a long and prolific career, to writing stories for children. It was in 1966 at age 62 that Singer wrote "Zlatch the Goat," which garnered the first of the author's two Newbery Medals, the highest honor in children's literature. Isaac Bashevis Singer: Children's Stories and Childhood Memoirs is the first study focused exclusively on Singer's works for children. Alida Allison presents Singer's accomplishments in children's literature as the culmination of his career. She incorporates insights gained in interviews with Singer's widow and editors and makes extensive reference to existing documents on the author's life, in particular the autobiographies of his siblings. Allison's study is notable for its consideration of the illustrators and translators who worked closely with Singer. The varied approaches to his mysticism and realism taken by his illustrators - some of the world's best known - wonderfully extend and enhance his stories.
