It will give a lower note if placed farther away. -- A hole will give a higher note if made larger. It will give a lower note if smaller. These rules mean you can "raise" a note by enlarging the hole or by placing the hole closer to the mouthhole. You can "lower" the note by using a smaller hole or by placing the hole farther from the mouthhole. It also means you can change the hole size and its placement without changing the note. A larger hole could be placed farther from the mouthhole, or a smaller hole placed closer to the mouthhole.

Brass Roots-Roy Newsome 2020-09-21 This book was originally published in 1998. For most of the nineteenth and the early part of the twentieth century, the brass band was a major feature of musical life in Britain. This book surveys the hundred years from 1836 in which bands flourished, examining their origins in the village bands of the nineteenth century, the culture of banding competitions that developed and the manner in which this fostered the growth and success of bands. Roy Newsome charts the impact of social and economic change on amateur bands during this period. The influence of classical music, in particular opera, on early band music is also examined. The latter part of the book looks in detail at the original music written for brass bands by composers such as Holst, Elgar and Bliss, as well as pieces written by prominent band leaders.

Serpico-Peter Maas 2005-01-04 The 1960s was a time of social and generational upheaval felt with particular intensity in the melting pot of New York City. A culture of corruption pervaded the New York Police Department, where payoffs, protection, and shakedowns of gambling rackets and drug dealers were common practice. The so-called blue code of silence protected the minority of crooked cops from the sanction of the majority. Into this maelstrom came a working class, Brooklyn-born, Italian cop with long hair, a beard, and a taste for opera and ballet. Frank Serpico was a man who couldn't be silenced - or bought - and he refused to go along with the system. He had sworn an oath to uphold the law, even if the perpetrators happened to be other cops. For this unwavering commitment to justice, Serpico nearly paid with his life.
