The Bhagavad-Gita-Veeraswamy Krishnaraj
2002 Gita teaches man the essentials of living in this world and beyond: Your soul is eternal and indestructible; the body beautiful is only a garment; beings and universe arose from an act of sacrifice by God; the burden of samsara (cycle of births and rebirths) can be shed by devotion to God; man by his conduct creates his own dharma and karma, which control the present and the future; plants, animals and men have souls, some sentient and some insentient; our roots are in

heaven; doing one's dharma(duty)by itself is yoga; liberation is the only goal of man; there are many ways and means to attain God and nobody is excluded.

A Journey in the Heart-Christine Apter, PhD, ERYT 500 2017-11-06 A Journey in the Heart By: Christine Apter, PhD, ERYT 500 This book is meant to be an organized curriculum that takes a student beyond the foundational philosophy, anatomy, technical aspects, and teaching methodology developed from many advanced yoga teacher training workshops. The basics of yoga teaching with the standards of Yoga Alliance are not covered in this text. It is designed as a manual intended to meet the criteria for 300 hours of knowledge and practice

above and beyond what is taught in basic yoga teacher training. A deep desire and enthusiasm for the teaching is perhaps a more important criterion for the aspiration to dive deeper. To be proficient in teaching and practicing, it takes thousands of hours and perhaps decades of committed work. The art and science of yoga teaching and practice come together with the flexible format surrounding factual structure presented in this book. Rather than an authoritative tool, this manual is fashioned to be a framework for the creative work it takes to teach yoga and practice deeper. The reader is encouraged to build upon the information and inspiration and to be creative and innovative with the material.

Bhagavad Gita-Chakravarti Rajagopalachari 2012

The Haiku Gita-Thomas Uharriet 2015-07-09
The Bhagavad-Gita sometimes known as the

Song of the Lord or the Gospel of the Lord Shri Krishna, is the most spiritually significant devotional book of Hinduism. On Dr. David R. Hawkins' exponential scale of consciousness ranging from 1 to 1000, where 200 is the level of integrity, and 500 is the level of love, The Bhagavad-Gita is calibrated at 910, making it one of the most spiritual books ever written, and thus one of the most powerful in raising the reader's spiritual consciousness. To make the brilliance of the Bhagavad-Gita more accessible, this ancient text is simplified into haiku poems derived by comparing several English translations to give you the entire text in easily digestible bite-size pieces.

Ayurvedic Yoga Therapy-Mukunda Stiles
2008-02-08 One of the greatest contributions of Ayurveda to true health is the understanding of individual constitution-what balances one person unbalances another. By marrying the sister sciences of yoga and Ayurveda, Mukunda steers away from an increasing tendency to 'medicalize' yoga therapy. Instead of offering prescriptive recommendations for specific medical diagnoses, he presents sequences of Vinyasa and pranayama suited to the various Ayurvedic body types. Yoga therapists and practitioners using this book can access a deeper level of preventative self-care, flowing in harmony with the seasons and attuning to the rhythm and balance of each individual. Enlivened by stories and wisdom teachings, "Ayurvedic Yoga Therapy" provides

food for body, soul and spirit, guiding practitioners towards fulfillment of their highest potential well being.

Business Ethics and The Bhagavad Gita- Subba Rao Pulapa 2020-09-17 The author of this book asserts that an absence of ethical

leadership and unethical practices were the reasons for major global business scandals such as Enron, Satyam, Lehman Brothers, and WorldCom. This book analyses the causes for these unethical activities and interprets important verses from The Bhagavad Gita to show business executives and leaders how to lead ethically for the greater good of all stakeholders and society. As a remedy to avoid future scandals, the author points to several ethical directions, and the principle of Dharma, mentioned in The Bhagavad Gita by Lord Krishna, a major deity in Hinduism, who is considered Dharmātman (one who imbibes the Dharma). Written in conversation style using an executive education scenario, this book examines real world cases in various sectors like education, medical, non-government organizations (NGOs) and retail using the directions of the Dharmātman.
