Henderson, the first African-American certified to teach public school physical education, and Earl Lloyd, the first African-American to take the court in an actual NBA game. The city's Spingarn High School produced two players – Elgin Baylor and Dave Bing – recognized among the NBA’s 50 greatest at the League’s 50th anniversary celebration. No other high school in the country can make that claim.These figures and many others are chronicled in this book, the first-ever comprehensive look at the great high school players, teams and coaches in the D.C. metropolitan area. Based on more than 150 interviews, The Capital of Basketball is first and foremost a book about basketball. But in discussing the trends and evolution of the game, McNamara also uncovers the turmoil in the lives of the players and area residents as they dealt with prejudice, educational inequities, politics, and the ways the area has changed through the years.

Chasing Indiana's Game-Chris Smith 2020-08-18 Hoosiers have always loved basketball! Long before Larry Bird carried Indiana State University to the 1979 NCAA National Championship or Bobby Knight walked the sidelines at Indiana University, basketball fostered community identity across the Hoosier state. From Indiana's tiniest towns to its biggest cities, high school basketball is a source of pride, unifying communities with different races, religions, and social and economic status. First drawn simply to documenting the architecture of Indiana's high school buildings and basketball courts, Chris Smith and Michael Keating quickly discovered that the real story was about more than just brick and mortar, maple and shellac. Told repeatedly by locals how important these places were to their communities, they began to embrace the “game on Saturday, church on Sunday” mantra that is found in many towns through Indiana, watching countless hours of basketball and becoming a part of the Hoosier tradition themselves. With over 150 color photographs and unforgettable stories from high school basketball and beyond, Chasing Indiana's Game: The Hoosier Hardwood Project is a tribute to the Hoosier state and all who love basketball.

Loose Balls-Terry Pluto 2011-07-19 What do Julius Erving, Larry Brown, Moses Malone, Bob Costas, the Indiana Pacers, the San Antonio Spurs and the Slam Dunk Contest have in common? They all got their professional starts in the American Basketball Association. What do Julius Erving, Larry Brown, Moses Malone, Bob Costas, the Indiana Pacers, the San Antonio Spurs and the Slam Dunk Contest have in common? They all got their professional starts in the American Basketball Association. The NBA may have won the financial battle, but the ABA won the artistic war. With its stress on wide-open individual play, the adoption of the 3-point shot and pressing defense, and the encouragement of flashy moves and flying dunks, today’s NBA is still—decades later —just the ABA without the red, white and blue ball. Loose Balls is, after all these years, the definitive and most widely respected history of the ABA. It’s a wild ride through some of the wackiest, funniest, strangest times ever to hit pro sports—told entirely through the (often incredible) words of those who played, wrote and connived their way through the league's nine seasons.

I Came As a Shadow-John Thompson 2020-12-15 The long-awaited autobiography from Georgetown University’s legendary coach, whose life on and off the basketball court threw America’s unresolved struggle with racial justice into sharp relief. John Thompson was never just a basketball coach and I Came As A Shadow is categorically not just a basketball autobiography. After five decades at the center of race and sports in America, Thompson—the iconic NCAA champion, Black activist, and educator—was ready to make the private public at last, and he completed this autobiography shortly before his death in the historically tumultuous summer of 2020. Chockful of stories and moving beyond mere stats (three Final Fours, four-time national coach of the year, seven Big East championships, 97 percent graduation rate), Thompson’s book drives us through his childhood under Jim Crow segregation to our current moment of racial reckoning. We experience riding shotgun with Celtics icon Red Auerbach and coaching NBA Hall of Famers like Patrick Ewing and Allen Iverson. What were the origins of the the phrase “Hoya Paranoia”? You’ll see. And parting his veil of secrecy, Thompson brings us into his negotiation with a D.C. drug kingpin in his players’ orbit in the 1980s, as well as behind the scenes of his years on the Nike board. Thompson’s mother was a teacher who had to clean houses because of racism in the nation’s capital. His father could not read or write. Their son grew up to be a man with his own larger-than-life statue in a building that bears his family’s name on a campus once kept afloat by the selling of 272 enslaved Black people. This is a great American story, and John Thompson’s experience sheds light on many of the issues roiling our nation. In these pages, he proves himself to be the elder statesman whose final words college basketball and the country need to hear. I Came As A Shadow is not a swan song, but a bullhorn blast from one of America’s most prominent sons.

The City Game-Matthew Goodman 2021-03-02 "The unlikelyest of champions, the 1949-50 City College Beavers were extraordinary by every measure: City College was a tuition-free, merit-based college in Harlem known for its intellectual achievements and political radicalism rather than its athletic prowess. Only two years after Jackie Robinson broke the major league baseball color barrier (and the NBA was still segregated), every single member of the Beavers was either Jewish or African American. Yet this scrappy, come-from-nowhere team thrived in the highly competitive era when college basketball fans dwarfed the numbers that followed the professional teams. Then, less than a year after winning both the NIT and NCAA basketball tournaments in the same season--still the only team to ever have done so--the team's starting five were arrested. Charged with colluding with gamblers to shave points, these celebrated young men became symbols of disillusionment and corruption. Their dramatic story is set against the larger backdrop of post-war New York when gangsters controlled the city's illegal sports gambling, the police were on their payroll, and everyone was getting rich--except the young men actually playing the games. Yet they were the ones who took the fall when the party finally ended"--
