There is no other experience that compares in its ability to teach kids how to communicate with adults and peers, persevere through challenges, overcome fear, face failure, sell ideas, create solutions, see opportunity around them, understand risk and reward, develop a growth mindset, look past scarcity to abundance, collaborate with others, express creativity, and see their own potential--and that is not even a complete list of all the lessons that can be learned! The Big Startup Guidebook for Kids is a principle-based entrepreneurship curriculum designed to help students, week by week, start and grow a business. You have the ability to unlock your full inner-potential and achieve your ultimate goals. This is the age-old secret of the financial elite, world class scholars, and Olympic champions. For example, when you watch the Olympics, you'll find one consistency in all of the champions. Each one closes their eyes for a moment and clearly affirms & visualizes themselves completing the event flawlessly just before starting. Then they win gold medals and become champions. That's merely one example of how the real power of affirmation can elevate you above any of life's challenges. Life is too short to be exhausted on thousands of everyday anxieties and fears. Sadly, the average person will get to the end of their life and realize that more than half of it was spent struggling with these kind of problems. Because they didn't know what to do, many of these people never found any satisfaction in life. You can and will become bigger than those struggles by enhancing the energy that already flows within you. Too often people are held hostage and limited by a cycle of negative thinking and pessimism. This kind of thinking creates a streak of what many choose to call, "bad luck." I have good news for you. There is no such thing as "bad luck." This phenomenon is merely a cycle of negative affirmation that must be broken and mended with a fresh regimen of positive affirmation and vision. By repeating and remembering these affirmations in times of difficulty, we transform our rigid affirmations of defeat and intimidation into warm, confident manifestations of the world as we choose it to be. Get what you want and desire from the world like millions of others around the globe using affirmations. You already possess the power to assert your own perceptions and transform your thoughts and desires into reality. By using positive affirmations daily, you will unlock that natural potential inside of you. If you want to see positive change now, you'll find the quickest path to fulfillment with positive affirmation and visualization. There is no time to spend on loss, negativity, and defeat when you can be achieving tangible, historically proven results with minimum time and effort invested. There is no limit to changes that can be made through the power of creating truth with affirmation... Read This Book To Change Your Life Today! Also available in Ebook Format
