A loving human-animal relationship is built on mutual care and concern, responsibility and respect. We find that these companions draw us out of ourselves and show us what it truly means to be alive. They teach us to accept life's struggles; to cherish its pleasures; to find purpose and meaning in what we do. The stories and reflections in this lovely book will speak to us whether we have an animal companion, long to have a pet, love someone who does, or simply cherish animals and nature. 'This fine and often touching volume . . . discusses the spiritual connection between humans and their animal companions and explores the lessons to be learned.' Booklist

Bird Box-Josh Malerman 2014-05-13 Now a Netflix film starring Sandra Bullock, Sarah Paulson, Rosa Salazar and John Malkovich! Written with the narrative tension of *The Road* and the exquisite terror of classic Stephen King, *Bird Box* is a propulsive, edge-of-your-seat horror thriller, set in an apocalyptic near-future world—a masterpiece of suspense from the brilliantly imaginative Josh Malerman. Something is out there . . . Something terrifying that must not be seen. One glimpse and a person is driven to deadly violence. No one knows what it is or where it came from. Five years after it began, a handful of scattered survivors remain, including Malorie and her two young children. Living in an abandoned house near the river, she has dreamed of fleeing to a place where they might be safe. Now, that the boy and girl are four, it is time to go. But the journey ahead will be terrifying: twenty miles downriver in a rowboat—blindfolded—with nothing to rely on but her wits and the children's trained ears. One wrong choice and they will die. And something is following them. But is it man, animal, or monster? Engulfed in darkness, surrounded by sounds both familiar and frightening, Malorie embarks on a harrowing odyssey—a trip that takes her into an unseen world and back into the past, to the companions who once saved her. Under the guidance of the stalwart Tom, a motely group of strangers banded together against the unseen terror, creating

order from the chaos. But when supplies ran low, they were forced to venture outside—and confront the ultimate question: in a world gone mad, who can really be trusted? Interweaving past and present, Josh Malerman's breathtaking debut is a horrific and gripping snapshot of a world unraveled that will have you racing to the final page.

Republic of Dogs/republic of Birds-Stephen Watts 2016 Poetry. REPUBLIC OF DOGS/REPUBLIC OF BIRDS is the first book-length prose text by poet and translator Stephen Watts. The text was written on a typewriter in the late 1980s, then mislaid and lost. Found again in 2012, it was typed onto a laptop with minimal editing. The narrative moves between London's Isle of Dogs and Scotland's Western Isles, where Watts lived and worked as a shepherd. It is both a topographical journey through two landscapes and a highly personal meditation on the history and memory of these locations. Watts is interested in the changing landscape of London's East End: the destruction of working-class culture and its collective memory and the pace of urban development and regeneration. The writing is itself a form of activism, memorialising a lost culture through its physical traces and the stories and voices of its inhabitants.

Beyond Words-Carl Safina 2016-09-01 THE NEW YORK TIMES BESTSELLER I wanted to know what they were experiencing, and why to us they feel so compelling, and so close. This time I allowed myself to ask them the question that for a scientist was forbidden fruit: Who are you? Weaving decades of field observations with exciting new discoveries about the brain, Carl Safina's landmark book offers an intimate view of animal behavior to challenge the fixed boundary between humans and animals. Travelling to the threatened landscape of Kenya to witness struggling elephant families work out how to survive poaching and drought, then on to Yellowstone National Park to observe wolves sort out the aftermath of one pack's personal tragedy, the book finally plunges into the astonishingly peaceful society of killer whales living in the crystalline waters of the Pacific Northwest. Beyond Words brings forth powerful and illuminating insight into the unique personalities of animals through extraordinary stories of animal joy, grief, jealousy, anger, and love. The similarity between human and nonhuman consciousness, self-awareness and empathy calls us to re-evaluate how we interact with animals. Wise, passionate, and eye-opening at every turn, Beyond Words is ultimately a graceful examination of humanity's place in the world.
