Gold Rush!-James Klein 1998 Discusses the creation, history, and location of gold, describes tools used by prospectors, and provides instructions on how to find and pan for gold.

Gold Rush-James Klein 2003-06-01 Discusses the creation, history, and location of gold, describes tools used by prospectors, and provides instructions on how to find and pan for gold.

Story of the California Gold Rush Coloring Book-Peter F. Copeland 1988-12-01 Forty scenes: Sutter's Mill, mining camps and boomtowns, prospectors panning for gold, old San Francisco, more. Informative captions.

Gold Rush Ghosts of Placerville, Coloma & Georgetown-Linda J. Bottjer 2014-06-17 Fueled by the dream to strike it rich, prospectors flocked to California during the gold rush. Yet the harsh lifestyle and backbreaking work led many to early graves. Join author Linda Bottjer on a tour through Gold Country's most chilling--and true--haunted tales. Tales such as the hangman of Placerville, whose distinctive wheeze is a sign of his continued presence. Or the Georgetown miner whose unrequited love for a much younger lady of the night finds him still pining for her in death as he did in life. And in Coloma, the ghost of James Marshall is said to dwell on the lonely

hilltop where his cabin and monument now stand. These stories, and many others, capture the ghostly spirit of Gold Country.

Call of the Klondike-David Meissner 2019-08-13 In this riveting, true, action-packed middle-grade historical adventure, two friends rush with thousands of other prospectors heading north to claim their riches in the Klondike goldfields. Marshall Bond and Stanley Pearce journeyed north in the late 1800s to stake their claim in the Klondike goldfields. The two friends book passage on a northbound steamship, haul a year's worth of supplies over steep mountain passes, and navigate 500 miles of treacherous lakes and rivers to reach their destination. This expedition is life threatening, but they make it to Dawson City, in Canada, build a cabin, and meet another young prospector, Jack London--all the while searching for the ultimate reward: gold! Co-written by a great-nephew of Stanley Pearce, this book includes their telegrams, diaries, and letters, as well as newspaper articles and photographs. An author's note, timeline, bibliography, and further resources encourage readers to dig deeper into the Gold Rush era.

Western Mining-Otis E. Young, Jr. 1977-06-01 Here, for the first time, is a clear account in words and pictures of the methods by which gold and silver were extracted and processed in the Old West. The author describes the early days of Spanish and Indian mining and the wild era inaugurated by the American prospector who

rushed west to get rich quick, ending with the year 1893, when repeal of the Sherman Silver Purchase Act virtually closed the mining frontier. The account gives in laymen's language the techniques employed in prospecting, placering, lode mining, and milling, particularly those employed by the Spaniards, Indians, and Cornishmen, and shows how the ever-practical Americans adapted and improved them. Special attention is given to the methods employed in the California and Montana gold fields, Colorado and the Comstock Lode, the Black Hills, and Tombstone, Arizona. In these pages the reader also meets some of the unforgettable personalities whose lives enriched (and sometimes impoverished) the mining camps.

Gold Fever!-Rosalyn Schanzer 2007-01-09 The author uses lighthearted illustrations and excerpts from letters, journals, and newspaper articles to relate the story of the California Gold Rush of 1848. Full color.

The Luck of Roaring Camp, and Other Sketches-Bret Harte 1899

The 49'ers-Bob Young 1966 Gives a brief history of California as background material, then tells the story of the California gold rush from the discovery at Sutter's Fort in 1848 to the Mariposa War in 1857 which showed that mining was a big business and the days of the lone prospector were over.

California-Kevin Starr 2007 A definitive, single-volume history of the Golden State ranges from the earliest Native American cultures, through the Spanish and Mexican eras, the Gold Rush, and rise of Hollywood, to the twenty-first century, chronicling the events, places, and personalities that have shaped California. Reprint. 15,000 first printing.

Goldfield-Sally Springmeyer Zanjani 1992 "Shortly after the turn of the century discoveries by a Shoshone prospector in the barren central Nevada deserts ignited the last great goldrush on the Western mining frontier. Prospectors, miners, stock promoters, gamblers, camp followers, roughs, lawmen, and anarchists, among others, converged upon this unlikely plot

of sand and joshua trees from every corner of the earth. The saga that ensued is first-rate. It tells the story of ordinary people - their everyday lives, hopes, loves, and dilemmas - as well as the fates of the newly crowned nabobs, who could wager a fortune on the turn of a roulette wheel." "Hell-roaring Goldfield" passed through the same stages of boom, industrialization, and decline as its mining-camp predecessors, but with some significant differences. Greed knew no bounds, waves of epidemic disease and violent death swept the city, mining stock speculation reached new heights, and the tycoon who rose to the top - the ruthless ex-gambler George Wingfield - dominated Nevada for years to come. In other ways as well, the last boomtown cast a long shadow over the future. Goldfield played a key role in the nineteenth-century mining boom that reversed twenty years of depression and decline in a severely depopulated state and assured the triumph of mining camp ideology over other value systems. Along with its careless bravado, that ideology meant unfettered individualism and the primacy of materialism over moral values. It meant a restless search for excitement in the saloons, forerunners of today's casinos and second only to the mines in economic importance. Above all, it meant getting rich and getting out, leaving others to pay the price."-- BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. All Rights Reserved

The Gold Rush- 2000

The California Gold Rush-Jean F. Blashfield 2001 Describes adventures and disasters in the lives of people who rushed to the gold mines of California in 1848 and explains how this event sparked the state's development.

The Gold Rush Kid-Mary Waldorf 2008-06-16 When 12-year-old Billy McGee's mother dies suddenly of typhoid fever, he and his older sister, Edna, are faced with the unhappy prospect of getting sent to live with distant relatives. Instead, Edna disguises herself as a boy, and the two set out from their home in Skagway, Alaska, for the Yukon Territory. They know that plenty of adults, with all the right equipment and supplies, have attempted the grueling trek over the mountains to Canada and haven't made it. But Billy and Ed are determined to find their pa, who left for the

gold fields two weeks earlier. With the help of a young man named Jack and a dog named Persey, the McGees persevere and adjust to life on the gold rush trail. Prospecting for gold isn't quite the grand adventure Billy imagined it would be, though. Survival in such an unforgiving environment demands sacrifices. And sometimes, those sacrifices can seem horribly unfair—like having to say goodbye to a beloved pet. This deftly drawn tale of grit, luck, and survival is full of seamlessly integrated details of the Klondike gold rush of the 1890s. Told with humor and suspense, here is a fast-paced, action-packed story that will captivate the imaginations of adventure and historical fiction fans alike.

Jason's Gold-Will Hobbs 2009-10-13 "Gold!" Jason shouted at the top of his lungs. "Read all about it! Gold discovered in Alaska!" Within hours of hearing the thrilling news, fifteen-year-old Jason Hawthorn jumps a train for Seattle, stow away on a ship bound for the goldfields, and joins thousands of fellow prospectors attempting the difficult journey to the Klondike. The Dead Horse Trail, the infamous Chilkott Pass, and a five-hundred-mile trip by canoe down the Yukon River lie ahead. With help from a young writer named Jack London, Jason and his dog face moose, bears, and the terrors of a subarctic winter in this bone-chilling survival story. 00-01 Tayshas High School Reading List, 01-02 Young Hoosier Book Award Masterlist (Gr 4-6), 01-02 Young Hoosier Book Award Masterlist (Gr 6-8), 01-02 William Allen White Children's Book Award Masterlist, and 01 Heartland Award for Excellence in YA Lit Finalist Notable Children's Trade Books in the Field of Social Studies 2000, National Council for SS & Child. Book Council, 2000 Best Books for Young Adults (ALA), and 2000 Quick Picks for Young Adults (Recomm. Books for Reluctant Young Readers)

The Age of Gold-H. W. Brands 2008-12-10 The California Gold Rush inspired a new American dream—the “dream of instant wealth, won by audacity and good luck.” The discovery of gold on the American River in 1848 triggered the most astonishing mass movement of peoples since the Crusades. It drew fortune-seekers from the ends of the earth, accelerated America's imperial expansion, and exacerbated the tensions that exploded in the Civil War. H.W. Brands tells his epic story from multiple perspectives: of adventurers John and Jessie Fremont,

entrepreneur Leland Stanford, and the wry observer Samuel Clemens—side by side with prospectors, soldiers, and scoundrels. He imparts a visceral sense of the distances they traveled, the suffering they endured, and the fortunes they made and lost. Impressive in its scholarship and overflowing with life, *The Age of Gold* is history in the grand traditions of Stephen Ambrose and David McCullough.

The "Gosh Awful" Gold Rush Mystery

Teacher's Guide-Carole Marsh 2007-05-11 The corresponding Teacher's Guide is a page-by-page supplementary resource that gives you additional activities to enhance the student's learning opportunities by using cross-curricular materials including discussion questions, reproducible vocabulary, science, geography and math activities. Each Teacher's Guide turns you into the expert—we've done all the research for you! This comprehensive resource enhances the many dramatic learning opportunities students can gain from reading this mystery by Carole Marsh. The supplementary Teacher's Guide includes: § A chapter guide of additional information, trivia, historical facts, and more to help teachers be "Experts!" § Activity ideas that make the book come dramatically to life for young readers! § The author's additional comments and thoughts about the subject § Some reproducible activities § Great out-of-the-box ideas for activities.

John D. Young and the Colorado Gold Rush-John D. Young 1969

The Diary of a Forty-niner-Chauncey L. Canfield 1906 Chauncey de Leon Canfield (1843-1909) first published "The diary of a forty-niner" in 1906, and 1,200 of the 2,000 copies in that edition were burned. Joseph Gaer's *Bibliography of California literature*, 20 describes this book as written in the form of a diary, but fictional.' The diary of a forty-niner (1920) reprints Canfield's 1906 publication. It purports to be the diary of Alfred T. Jackson, of Litchfield County, Connecticut, during his days as a gold prospector, 1850-1852. Jackson offers firsthand accounts of Nevada City and neighboring Rock Creek; descriptions of Grass Valley, North and South Yuba Valleys, and the Sierra Mountains; details of gold mining with accounts of pioneer overland crossings, and foreign mineworkers (including Chinese). Entries concerning Jackson's

personal life include details of his courtship of a French woman in the camps.

How Much of These Hills Is Gold-C. Pam Zhang 2021-04-06 A NEW YORK TIMES NOTABLE BOOK OF THE YEAR A WASHINGTON POST NOTABLE BOOK OF THE YEAR ONE OF BARACK OBAMA'S FAVORITE BOOKS OF THE YEAR ONE OF NPR'S BEST BOOKS OF 2020 LONGLISTED FOR THE 2020 BOOKER PRIZE FINALIST FOR THE 2020 CENTER FOR FICTION FIRST NOVEL PRIZE A NATIONAL BOOK FOUNDATION 5 UNDER 35 HONOREE NATIONAL BESTSELLER "Belongs on a shelf all of its own." --NPR "Outstanding." --The Washington Post "Revolutionary . . . A visionary addition to American literature." --Star Tribune An electric debut novel set against the twilight of the American gold rush, two siblings are on the run in an unforgiving landscape--trying not just to survive but to find a home. Ba dies in the night; Ma is already gone. Newly orphaned children of immigrants, Lucy and Sam are suddenly alone in a land that refutes their existence. Fleeing the threats of their western mining town, they set off to bury their father in the only way that will set them free from their past. Along the way, they encounter giant buffalo bones, tiger paw prints, and the specters of a ravaged landscape as well as family secrets, sibling rivalry, and glimpses of a different kind of future. Both epic and intimate, blending Chinese symbolism and reimagined history with fiercely original language and storytelling, *How Much of These Hills Is Gold* is a haunting adventure story, an unforgettable sibling story, and the announcement of a stunning new voice in literature. On a broad level, it explores race in an expanding country and the question of where immigrants are allowed to belong. But page by page, it's about the memories that bind and divide families, and the yearning for home.

A Mine of Her Own-Sally Zanjani 2000-09-01 prospectors for the first time. Sally Zanjani depicts more than one hundred women prospectors in often grueling, financially unrewarding, and utterly lonely efforts to strike it rich from the desert Southwest to the frozen rocks of Alaska and the Yukon. She tells their stories with warmth and skill and, in bringing them to life, forever changes our mental picture of the women who helped shape the modern West.

The Great Klondike Gold Rush-Pierre Berton 2007-03-19 Describes Yukon's gold rush including the town of Dawson City, major personalities, and the struggles and hardships faced by the prospectors.

Prospecting for Gold in California-Alton Pryor 2015-04-28 Americans have been intrigued with the idea of finding gold deposits since the California Gold Rush of 1848. There is a thrill to finding that first nugget in your pan, and an even bigger thrill at finding larger and larger nuggets. There are new metal detectors and dry washing equipment that make gold panning easier, even in arid areas where water is not available. Gold prospecting has become family affairs. It's a hobby that will bring the family together, especially when they find that first flake or nugget of gold.

Green Russell and Gold-Elma Dill Russell Spencer 2012-04-15 The family history of the Russells of Georgia is a saga of the Westward Movement during the middle fifty years of the nineteenth century. The "Russell boys," as prospectors and miners, moved with the frontier as it followed fresh discoveries of gold, from Georgia to California to Colorado. Then, after the interlude of the Civil War, they settled in the new territories, turning their abilities and ruggedness of character to the development of careers on other frontiers—ranching, farming, land development, medicine—in Montana, Colorado, and Texas. Elma Dill Russell Spencer, a descendant of one of these unusual brothers, relates their story as she learned it from family tradition transmitted by Grandma Russell, from family letters, from public documents, and from historical accounts of the exciting era. The reader of her narrative sees the evolution of Western society in the vast wasteland of mountain and prairie from the viewpoint of the people who were making history, people too engrossed in their own problems to realize the far-reaching significance of their achievement. The reader sees the struggle to wrest gold from the streams and hills with primitive tools and techniques; the development of tent villages into populous towns affording most of the comforts of the East; the evolution of a code of mining laws, of protection from violence and crime; the building of schools; the emergence of sectional

problems and divided loyalties; the Civil War, mostly through noncombatants' eyes; the progressive changes in transportation, until the railroads tied the West to the East. The reader also encounters Indians, who ride in and out of these pages, and other fascinating types of characters associated with "the wild, varied, and always unpredictable" frontier. The odyssey of the Russell brothers as they struggle home to Georgia from Union-sympathizing Denver is particularly full of action, with tense moments in the account of narrowly escaped death—at the hands of Indians, through the ravages of disease, and from the enmity of Yankee foes. This book was originally published as *Gold Country* in 1958; the University of Texas Press edition was completely revised and first published in 1966.

Gold in the Hills-Candice F. Ransom 2008
When the magic spyglass transports Mattie, Alex, and Sophie Chapman to the Yukon Territory during the gold rush, they enlist the help of author Jack London to track down a boy's stolen sled dog.

The Spoilers-Rex Beach 2014-12-17
A lucky strike by a pair of prospectors turns into a nightmare when crooked politicians attempt to steal their claim. Loaded with action and romance, this 1906 bestseller recaptures the excitement of the Gold Rush era, when thousands of prospectors headed to Alaska in hopes of finding riches. Miners, gamblers, and fortune-hunters of every description populate these pages, chasing their dreams among the rowdy camps and boom towns of the frozen north. Author Rex Beach, known as the Victor Hugo of the North, based this novel on a true series of events involving the theft of Yukon gold mines by corrupt politicians. Beach seasoned the dramatic tale with incidents from his own experiences prospecting for gold in Nome at the beginning of the twentieth century. Five different movie versions of *The Spoilers* include versions with John Wayne and Gary Cooper in the role of the rugged hero.

Jack London and the Klondike Gold Rush-Peter Lourie 2017-03-28
Here is a compelling middle grade nonfiction tale of how one classic writer drew upon a rugged life of adventure to create works of literature, punctuated by stunning black-and-white art by Wendell Minor

and illustrative photographic material. Swept up in the Gold Rush of 1897, young Jack London headed north to strike it rich in the Klondike and discovered something more precious than gold—the seeds of the stories that would flower into his classic novels *The Call of the Wild* and *White Fang*, and timeless short stories such as "To Build A Fire." This gripping tale follows London as he treks up the ruthless Chilkoot Trail, braves the lethal Whitehorse Rapids, survives a bad case of scurvy, and conquers many more dangers of the Yukon during his quest for gold. A Christy Ottaviano Book

North Carolina, the First Golden State-Tricia Martineau Wagner 2017
Gold! Gold! Gold in North Carolina! Fifty years before the California Gold Rush, twelve-year-old Conrad Reed unearthed a shiny rock from a creek in North Carolina. Conrad had struck gold—but he had no idea. And so, for three years, the Reed family unknowingly used a hunk of solid gold worth thousands of dollars as a doorstop. When news finally got out about Conrad's discovery, the lives of the Reeds—and the history of the South—was changed forever. Their ordinary farm was transformed into a family-run business that launched a thriving economical shift for the state, attracting miners and investors from all over the world. Follow the explosive journey of this Southern state as it became the site of America's first gold rush.

If You Were a Kid During the California Gold Rush-Josh Gregory 2018
In 1848, gold was discovered in a California river, kicking off a period of time when thousands of people traveled to the West Coast with dreams of getting rich. Readers will get an up-close look at life during the California Gold Rush as they follow the adventures of Louise and Feng, two kids living in mining camp near San Francisco. Along the way, they will learn how prospectors mined for gold, what life was like in mining camps, and much more.

Dahlonega's Gold-Anne D. Amerson 2015-05-29
Historically accurate novel of America's first major gold rush in Dahlonega, Georgia, as seen through the eyes of the young bride of a gold prospector.

What Was the Gold Rush?-Joan Holub

2013-02-07 In 1848, gold was discovered in California, attracting over 300,000 people from all over the world, some who struck it rich and many more who didn't. Hear the stories about the gold-seeking "forty-niners!" With black-and white illustrations and sixteen pages of photos, a nugget from history is brought to life!

Before the Gold Rush-Pierre Berton 1993

Describes the hardy fortune-seekers who were prospecting for gold in the Yukon before news of the great Klondike gold discovery reached the more civilized world in the summer of 1897.

Perils of the Gold Rush-Arthur Harris

2014-11-14 The story is written as a diary by a young woman, Dorothy, at the age of twenty-one, recounting her adventures from seventeen, of living in Baltimore just before gold was discovered in California. She recounts the sudden death of her mother. Her father, a professional gambler, sinks into despair but arouses from it to win a Coach House and Inn along with other property, which he gives to her. A slave, Meg, part of the winnings, is freed and stays on to work for them. They operate the property, and when the gold strike of 1848 sweeps the country, they become quite wealthy operating the Coach House and Inn. She meets and is attracted to a young gold seeker, Theodore, to whom she has let a room at the inn while waiting for the ship to take him to California, and after a whirlwind courtship, they marry and then leave for California. Another young man, Eli, has arrived, and though bound for the gold fields, he plans to open a general store supplying the prospectors and accepts Theodore as a partner in the venture, and they quickly become friends. The ship arrives, and the trio finally set out for California. Both she and her new husband develop malaria while on board, and Theodore dies at sea. With no one else to care for her, Eli nurses her through it, saving her life. Arriving in San Francisco, Eli heads for the gold fields, where he sets up a store in a new frontier boom town. Dorothy remains in San Francisco, acting as agent but, tiring of this, joins Eli in the new store. A disgruntled worker stabs Eli. She shoots the worker, thereby saving Elis's life. Now it's her turn to nurse him, and they confess their love, and he proposes. The colorful era is the background to a love story and the adventures of

a courageous young woman who is forced to face challenges and succeeds.

Gold Prospecting & Placer Deposits-Adam Gregory Koch There are countless prospecting books out there. They all teach the same general theories and show the same diagrams. While they are not bad books, in fact many are great, this book is written to take a different and simpler approach. A prospectors lifetime of knowledge is simplified and condensed into an easy to read and understand guide that will hopefully benefit those who never even held a gold pan as much as those who have spent a few years prospecting but might still have a few questions they are seeking answers to. It is the intent that this is the prospecting book that will read as a novel, and teach every bit as much as an informational guide. What are the types of equipment available and how do I use them? What is it that I am looking for when I am prospecting? What do I do with my gold once I find it and how do I sell it? Are my black sands worth anything? What are black sands made out of? How do I find a place I can go and prospect? Is there a way to know where I should dig in a stream? How do Mining claims work? These are some of the many questions that this book was written to address. While there is no guide that can tell you how to get rich mining for gold, this guide has been written for the purpose of helping you be more likely to find gold on your future prospecting trips. It is easy to become discouraged as a prospector, or allow yourself to believe others when they say "there is no gold left to be found, the old-timers got it all". You are just a few pages away from learning the facts; and that the gold has not all been taken and how you can get your share!

The California Gold Rush-Elizabeth Raum

2016-08-01 YOU are a New Englander with a bad case of gold fever. Gold has been discovered in California, and you want to go claim some for yourself. Will you strike it rich?

Women of the Klondike-Frances Backhouse

2000-06-01 Here are the stories of those fascinatingly diverse women -- entrepreneurs, domestics, nuns, doctors, nurses, and journalists -- who played a critical role in the Klondike gold rush at the turn of the century.

Three Years in the Klondike-Jeremiah Lynch 1904

Slumach's Gold-Rick Antonson 2011-03-01
Slumach's Gold chronicles what is possibly Canada's greatest lost-mine story. It searches out the truth behind a Salish man's hanging for murder in 1891 and tracks the intriguing legend about him that grew after his death. It was a legend that turned into a drama of international fascination when Slumach—the hanged criminal—was mysteriously linked to gold nuggets “the size of walnuts.” The stories claimed that Slumach had placed a curse on a hidden motherlode to protect it from interlopers and trespassers just before he plunged to his death “at the wrong end of a five-strand rope.” Although many have attempted to find Slumach's gold over the past 100 years, following tantalizing clues that are part of the legend itself, none have succeeded—or have they? Rick Antonson, Mary Trainer and Brian Antonson have diligently sifted through history and myth, separating fact from fiction, but leaving the legend intact—along with the promise of gold yet to be found by some future gold seeker.

Into the Clouds: The Race to Climb the World's Most Dangerous Mountain (Scholastic Focus)-Tod Olson 2020-04-21
A nail-biting tale of survival and brotherhood atop one of the world's most dangerous mountains.

Days of Gold-Malcolm J. Rohrbough 1998-10-15
On the morning of January 24, 1848, James W. Marshall discovered gold in California. The news spread across the continent, launching hundreds of ships and hitching a thousand prairie

schooners filled with adventurers in search of heretofore unimagined wealth. Those who joined the procession—soon called 49ers—included the wealthy and the poor from every state and territory, including slaves brought by their owners. In numbers, they represented the greatest mass migration in the history of the Republic. In this first comprehensive history of the Gold Rush, Malcolm J. Rohrbough demonstrates that in its far-reaching repercussions, it was the most significant event in the first half of the nineteenth century. No other series of events between the Louisiana Purchase and the Civil War produced such a vast movement of people; called into question basic values of marriage, family, work, wealth, and leisure; led to so many varied consequences; and left such vivid memories among its participants. Through extensive research in diaries, letters, and other archival sources, Rohrbough uncovers the personal dilemmas and confusion that the Gold Rush brought. His engaging narrative depicts the complexity of human motivation behind the event and reveals the effects of the Gold Rush as it spread outward in ever-widening circles to touch the lives of families and communities everywhere in the United States. For those who joined the 49ers, the decision to go raised questions about marital obligations and family responsibilities. For those men—and women, whose experiences of being left behind have been largely ignored until now—who remained on the farm or in the shop, the absences of tens of thousands of men over a period of years had a profound impact, reshaping a thousand communities across the breadth of the American nation.
