<p><b>British comics</b> - Wikipedia</p> In the 19th century, story papers (containing illustrated text stories), known as “penny dreadfuls” from their cover price, served as entertainment for British children. Full of close-printed text with few illustrations, they were essentially no different from a book, except that they were somewhat shorter and that typically the story was serialised over many weekly issues in order to maintain sales. These serial stories could run to hundreds of instalments if they were popular. And to pad out a succes...
