**Endangered Tiger**-Neil M.C. Sinclair 2018-09-03 Roughly 1 square mile in size, Tiger Bay comprises of a rich, diverse, multi-ethnic community that lacks many of the problems often associated with melting-pots such as this. Combining personal and family memories and historical research, Neil M. C. Sinclair delves behind the headlines and offers a view of Cardiff's history not taught in schools.

**Roald Dahl**-Damian Walford Davies 2016-08-15 Published to mark the centenary of Roald Dahl's (Welsh) birth, Roald Dahl: Wales of the Unexpected breaks new ground by revealing the place of Wales in the imagination of the writer known as 'the world's number one storyteller'. Exploring the complex conditioning presence of Wales in his life and work, the essays in this collection dramatically defamiliarise Dahl and in the process render him uncanny. Importantly, Dahl is encountered whole – his books for children and his fiction for adults are read as mutually invigorating bodies of work, both of which evidence the ways in which Wales, and the author's Anglo-Welsh orientation, demand articulation throughout the career. Recognising the impossibility of constructing a monolithic 'Welsh' Dahl, the contributors explore the compound and nuanced ways in which Wales signifies across the oeuvre. Roald Dahl: Wales of the Unexpected takes Dahl studies into new territory in terms of both subject and method, showing the new horizons that open up when Dahl is read through a Welsh lens. Locating Dahl in illuminating new textual networks, resourcefully offering fresh angles of entry into classic Dahl texts, rehabilitating neglected Dahl texts, and analysing the layered genesis of (seemingly) familiar works by excavating the manuscripts, this innovative volume brings Dahl 'home' in order to render him invigoratingly unhomely. The result is not a parochialisation of Dahl, but rather a new internationalisation.

**Cardiff Pubs Through Time**-Brian Lee 2013-12-31 A vibrant and multicultural city, Cardiff is well known for its lively pub scene. From cosy, traditional inns to large, cosmopolitan bars, residents of the Welsh capital have never had a problem finding somewhere to wet their whistle.Cardiff has changed a great deal over the years, and many of these developments can be seen reflected in the city's drinking establishments. In Cardiff Pubs Through Time, local historians Brian Lee and Amanda Harvey invite the reader on a pictorial tour of Cardiff's pubs and breweries, imparting some useful local knowledge along the way. Many of these places are now lost, but this beautiful collection of old and new photographs aims to ensure that this fascinating aspect of Cardiff's history is never forgotten.

**The Burning Ashes of Time**-Patricia Aithie 2005 The discovery of a traditional Welsh blanket in the palace of the former ruler of Yemen inspires this fascinating exploration of the link between Cardiff, once the world's biggest coal-exporting port, and Aden, where the coal that fueled the British Empire in Africa was bunkered. This narrative travels through mountain passes, deserts, ports, and the ancient cities of southern Arabia, encountering former seamen and remote communities in which stories of Cardiff loom large. As the journey progresses, this remarkable and timely account reveals the history of Yemen, a country at the center of Arab and world history, and the way in which two cultures touch each other.

**Anchoritism in the Middle Ages**-Catherine Innes-Parker 2013-04-15 This volume explores medieval anchoritism (the life of a solitary religious recluse) from a variety of perspectives. The individual essays conceive anchoritism in broadly interpretive categories: challenging perceived notions of the very concept of anchoritic 'rule' and guidance; studying the interaction between language and linguistic forms; addressing the connection between anchoritism and other forms of solitude (particularly in European tales of sanctity); and exploring the influence of anchoritic literature on lay devotion. As a whole, the volume illuminates the richness and fluidity of anchoritic texts and contexts and shows how anchoritism pervaded the spirituality of the Middle Ages, for lay and religious alike. It moves through both space and time, ranging from the third century to the sixteenth, from England to the Continent and back.

**History of the Invasion and Capture of Washington**-S Williams John S Williams 2009-09-01

**The Socialist Sixties**-Anne E. Gorsuch 2013-06-12 The 1960s have reemerged in scholarly and popular culture as a protean moment of cultural revolution and social transformation. In this volume socialist societies in the Second World (the Soviet Union, East European countries, and Cuba) are the springboard for exploring global interconnections and cultural cross-pollination between communist and capitalist countries and within the communist world. Themes explored include flows of people and media; the emergence of a flourishing youth culture; sharing of songs, films, and personal experiences through tourism and international festivals; and the rise of a socialist consumer culture and an esthetics of modernity. Challenging traditional categories of analysis and periodization, this book brings the sixties problematic to Soviet studies while introducing the socialist experience into scholarly conversations traditionally dominated by First World perspectives.

**Bob Dylan and the British Sixties**-Tudor Jones 2018-12-11 Britain played a key role in Bob Dylan's career in the 1960s. He visited Britain on several occasions and performed across the country both as an acoustic folk singer and as an electric-rock musician. His tours of Britain in the mid-1960s feature heavily in documentary films such as D.A. Pennebaker's Don't Look Back and Martin Scorsese's No Direction Home and the concerts contain some of his most acclaimed ever live performances. Dylan influenced British rock musicians such as The Beatles, The Animals, and many others; they, in turn, influenced him. Yet this key period in Dylan's artistic development is still under-represented in the extensive literature on Dylan. Tudor Jones rectifies that glaring gap with this deeply researched, yet highly readable, account of Dylan and the British Sixties. He explores the profound impact of Dylan on British popular musicians as well as his intense, and at times fraught, relationship with his UK fan base. He also provides much interesting historical context ¿ cultural, social, and political ¿ to give the reader a far greater understanding of a defining period of Dylan's hugely varied career. This is essential reading for all Dylan fans, as well as for readers interested in the tumultuous social and cultural history of the 1960s.

**The Commonwealth Games**-Brian Oliver 2014-05-22 How well do you know the Friendly Games? Sports journalist Brian Oliver brings the Commonwealth Games to life with riveting stories of the athletes who have competed over the years. He delves into the best tales of the past and interviews the key protagonists to unveil the highs and lows of this idiosyncratic sporting competition. There is the classic contest between Roger Bannister and John Landy just months after both had at last broken the four-minute mile, and the lesser-known struggles of one of Australia's greatest swimmers, Dawn Fraser, against the petty-minded and all-male 'silver spoon mob' who ran amateur sport. Read the sad tale of Emmanuel Ifeajuna, the first ever black African to win a gold medal, in any sport in any international event. He won high jump gold in 1954 and became a national hero in Nigeria, but after staging a coup was arrested for treachery and shot by firing squad. Find out why the 1974 Games in Christchurch, New Zealand were known as the 'Emigration Games', and the story behind the bitter 1980s swimming pool rivalry between England's Adrian Moorhouse and Victor Davis of Canada. There are many more, from that of 4-foot 10-inch weightlifter Precious McKenzie – who rose through brutal abuse and discrimination to record-breaking success and a dance with the Princess Royal – to the penniless and boycotted 1986 Games in Edinburgh that were 'saved' by Robert Maxwell and a bucket of fried chicken. The Commonwealth Games is a fascinating insight into human tales of endeavour, success and failure.

**Real Cardiff**-Peter Finch 2018-04-23 Discover more of Cardiff in this latest volume, discovering new treasures and revisiting past haunts to find them drastically altered over just ten years. The pace of change has never been quicker, surpassing the booms of the city's nineteenth century heyday, and the clearances and redevelopment of the 1960s and 1970s. Here are the last days of Dic Penderyn, the ornate Mahogany Room above Burger King, the battle for the Vulcan pub, the wedding at Charles Street Carnival, the inside track on Howell's School, the Cross at Culver, the Great Heath, and the lure of Penylan Quarry, among so many other excursions. Jan Morris called Real Cardiff "one of the very best books about a city I have ever read", and in this latest book Peter Finch has captured the essence of Cardiff again. Whether you are a Cardiffian or an outsider this book continues the story of Cardiff, and of so many places.

**Journal of the Society for Army Historical Research**-Society for Army Historical Research (London, England) 2006

**Freedom Music**-Jen Wilson 2019-04-01 This book reclaims for Wales the history and culture of a music that eventually emerged as jazz in the 1920s, its tendrils and roots extending back to slave songs and abolition campaign songs, and Swansea's long-forgotten connection with Cincinnati, Ohio. The main themes of the book are to illustrate and emphasise the strong links between emerging African American music in the USA and the development of jazz in mainstream popular culture in Wales; the emancipation and contribution of Welsh women to the music and its social-cultural heritage; and an historical appraisal as the music journeyed towards the Second World War and into living memory. The jazz story is set amid the politics, socio-cultural and feminist history of the time from whence the music emerged – which begs the question 'When Was Jazz?' (to echo Gwyn A. Williams in 1985, who asked 'When Was Wales?'). If jazz is described as 'the music of protest and rebellion', then there was certainly plenty going on during the jazz age in Wales.

**Lonely Planet Costa Rica**- 2008

**My People**-Caradoc Evans 2017-07-07 A respected member of the chapel, Zion, pronounces his wife mad and confines her to the hayloft. A man rides to the April fair to buy a heifer without blemish and acquire a wife. And God appears in a dream to a lonely farmhand, and tells him to dig for a talent under a ruined hut. These short stories depict the poverty and hardship endured by the peasants of west Wales in the Nineteenth Century. But they also reveal the meanness and cruelty of lives lived in ignorance, caught between the desire for love and the fear of violence, and oppressed by the dark power of the chapel minister and the idol he represents. First published in 1915, to great outrage and great acclaim, they retain their timeless quality as classics and their power to shock.

**Shanghai Blue**-Yue Tao 2015-11-19 When Lan comes home to Shanghai after 10 years in Europe she finds the city enigmatic: people she knew from childhood seem odd - her own identity is a mystery. An orphan, she tries to locate her biological parents. Her only clue is cricket fighting - an old Chinese pastime turned gambling racket. The deeper she digs into her own mystery, the more sinister it becomes. With cricket-fight gambling as the leitmotif, Shanghai Blue weaves belonging and estrangement, fatality and choice into a tight plot. When Lan finally unravels the truth, it is more harrowing than she imagined.

**Sacha Baron Cohen**-Kathleen Tracy 2008 Who is this notoriously private comedian, who has riled everyone from TV personalities in the US to the government of Kazakhstan? How did he dupe the media-savvy politicians, pundits and celebrities? Who is this this social provocateur who turns an uncomfortable mirror on our society, eliciting both laughter and outrage? Reluctant to do interviews when not in character, biographer Kathleen Tracy follows Cohen's path from his roots as the son of a tailor, to Cambridge University where he ditched the idea of pursuing a Ph.D. to become a comedian, right through to the fall out from his hugely successful Borat film. Tracy reveals the comic behind the mask and finds out what motivates the man who creates these outrageous characters and if the characters themselves are in any way like their creator. This is an hilarious, fascinating and compelling portrait of one of our most gifted but private comedians. 'Is nice. You like' Borat Kathleen Tracy is an entertainment journalist who has written biographies of a number of celebrities, including Diana Rigg, Angelina Jolie and Ellen DeGeneres.

**Weatherman Walking**-Derek Brockway 2021-05-05 15 guided walks (4-9 miles each) along the Wales Coast Path, as undertaken by Derek in the 12th series of 'Weatherman Walking', broadcast by the BBC in spring 2019. **Life Without Money**-Anitra Nelson 2011-11-15 The money-based global economy is failing. The credit crunch undermined capitalism's ability to ensure rising incomes and prosperity while market-led attempts to combat climate change are fought tooth and nail by business as environmental crises continue. We urgently need to combat those who say "there is no alternative" to the current system, but what would an alternative look like? The contributors to Life Without Money argue that it is time radical, non-market models were taken seriously. The book brings together diverse voices presenting strong arguments against our money-based system's ability to improve lives and prevent environmental disaster. Crucially, it provides a direct strategy for undercutting capitalism by refusing to deal in money, and offers money-free models of governance and collective sufficiency. Life Without Money is written by high-profile activist scholars, including Harry Cleaver, Ariel Salleh, and John O'Neill, making it an excellent text for political economy and environmental courses, as well as an inspiring manifesto for those who want to take action.
