I Am Israeli-Eva Weiss 2015-09-01 My name is Yakir Shlomo and I live in Jerusalem, Israel. If you spin a globe, it won't be easy to find the country where I live. Israel is barely the size of your thumbnail on most world maps. But I feel like I live in the center of the universe. Everyone's home is unique and my city and country are special to me. I know my home is a teeny, tiny dot if you think about the earth and the whole gigantic solar system. But it really can't be that small, since we have to make room for the 3.5 million people from all over the world who come to visit Israel during just one year. I am almost eight years old and I can understand why Israel has so many visitors. My country is an interesting place--and especially fun for children. I am glad my mother decided to help me write this book about Israel. My friends and I can't wait to tell you why we think it is so interesting to be Israeli. We hope that after you read this book, you might decide you'd like to come here and see for yourself.

Sheba and Solomon's Return-Nathan Moses Szajnberg, M.d. 2013-10 Full Color Interior. Ethiopian-Israeli children reveal their inner lives, hopes and fears with pictures and drawings. Their mothers and fathers were all born in remote Ethiopian villages. Most mothers were married by thirteen and never attended school. Life stories are filled with sibling deaths, shepherding at eight or nine and the lengthy, dangerous trek across Ethiopia through surrounding lands to Israel. You will hear of their compelling lives and how both the parents and the children live in different worlds. Some mothers literally see the world differently than their children. These children display their creativity as they freely draw and tell their life stories.
