Roads Were Not Built for Cars-Carlton Reid 2015-04-09 Cyclists were written out of highway history in the 1920s and 1930s by the all-powerful motor lobby:Roads Were Not Built For Cars tells the real story, putting cyclists center stage again. Not that the book is only about cyclists. It will also contains lots of automotive history because many automobile pioneers were cyclists before becoming motorists. A surprising number of the first car manufacturers were also cyclists, including Henry Ford. Some carried on cycling right through until the 1940s. One famous motor manufacturing pioneer was a racing tricycle rider to his dying day.

Rules of War-Matthew Betley 2020-06-30 Following the events of the "fast, hard-hitting, and impossible to put down" (The Real Book Spy) Field of Valor, Logan West continues his mission to bring America's traitorous vice president to justice, even as the clandestine group pulling all the strings makes one last deadly bid to regain their power. The vice president of the United States is missing, the director of the National Security Agency has been assassinated, and the mysterious organization orchestrating global instability is in tatters. Spy Secrets That Can Save Your Life-Jason Hanson 2015-09-22 The New York Times bestseller that reveals the safety, security, and survival techniques that 99% of Americans don't know—but should When Jason Hanson joined the CIA in 2003, he never imagined that the same tactics he used as a CIA officer for counter intelligence, surveillance, and protecting agency personnel would prove to be essential in every day civilian life. In addition to escaping handcuffs, picking locks, and spotting when someone is telling a lie, he can improvise a self-defense weapon, pack a perfect emergency kit, and disappear off the grid if necessary. He has also honed his "positive awareness"—a heightened sense of his surroundings that allows him to spot suspicious and potentially dangerous behavior—on the street, in a taxi, at the airport, when dining out, or in any other situation. In his engaging and empowering book Spy Secrets That Can Save Your Life, Jason shares this know-how with readers, revealing how to: • prevent home invasions, carjackings, muggings, and other violent crimes • run counter-surveillance and avoid becoming a soft target • recognize common scams at home and abroad • become a human lie detector in any setting, including business negotiations • gain peace of mind by being prepared for anything instead of uninformed or afraid With the skill of a trained operative and the relatability of a suburban dad, Jason Hanson brings his top-level training to everyday Americans in this must-have guide to staying safe in an increasingly dangerous world.
