I'm Just No Good At Rhyming-Chris Harris 2018-09-20 "Highly recommended. I think it will make children wriggle with delight" - Stephen Fry If I ever find myself holding a gecko . . . I'll lecko. Forget what you think you know about poetry - this is something totally different. Chris Harris' I'm Just No Good At Rhyming combines wit, wordplay and nonsense with visual and verbal tricks to make you look at the world in a new and wonderfully upside-down way, reminiscent of Spike Milligan. I'm just no good at rhyming. It makes me feel so bad. I'm just no good at rhyming, And that's why I'm so blue. This entirely unique collection of wildly witty words offers a surprise around every corner, from the ongoing rivalry between the author and illustrator (mean poem and cruel portrait included), to the mysteriously misnumbered pages that can only be deciphered by a certain code-cracking verse, to a poem that is 100% genuinely infinite. Meet a balding werewolf, competitive boulders, a birthday piranha, and find out if grown-ups really are better! Why are grown-ups better than kids? 'Cause we got what it takes - We never, ever, ever, ever, ever, make mistakes! Adding to the fun: Lane Smith, winner of the CILIP Kate Greenaway Medal for There Is a Tribe of Kids, has spectacularly illustrated this extraordinary collection with nearly one hundred pieces of appropriately absurd art. It's a mischievous match made in heaven and the perfect gift for creative kids or immature grown-ups.

You Know I'm No Good-Jessie Ann Foley 2020-10-13 This razor-sharp novel from Printz Honor winner and Morris Award finalist Jessie Ann Foley will appeal to fans of Rory Power and Mindy McGinnis. Mia is officially a Troubled Teen™— she gets bad grades, drinks too much, and has probably gone too far with too many guys. But she doesn't realize how out of control she seems until she is taken from her home in the middle of the night and sent away to Red Oak Academy, a therapeutic girls' boarding school in the middle of nowhere. While there, Mia is forced to confront her painful past at the same time she questions why she's at Red Oak. If she were a boy, would her behavior be considered wild enough to get sent away? But what happens when circumstances outside of her control compel Mia to make herself vulnerable enough to be truly seen? Challenging and thought-provoking, this stunning contemporary YA novel examines the ways society is stacked against teen girls and what one young woman will do to even the odds.

I'm Just a Person-Tig Notaro 2016-06-14 One of America's most original comedic voices delivers a darkly funny, wryly observed, and emotionally raw account of her year of death, cancer, and epiphany. In the span of four months in 2012, Tig Notaro was hospitalized for a debilitating intestinal disease called C. diff, her mother unexpectedly died, she went through a breakup, and then she was diagnosed with bilateral breast cancer. Hit with this devastating barrage, Tig took her grief onstage. Days after receiving her cancer diagnosis, she broke new comedic ground, opening an unvarnished set with the words: "Good evening. Hello. I have cancer. How are you? Hi, how are you? Is everybody having a good time? I have cancer." The set went viral instantly and was ultimately released as Tig's sophomore album, Live, which sold one hundred thousand units in just six weeks and was later nominated for a Grammy. Now, the wildly popular star takes stock of that no good, very bad year—a difficult yet astonishing period in which tragedy turned into absurdity and despair transformed into joy. An inspired combination of the deadpan silliness of her comedy and the open-hearted vulnerability that has emerged in the wake of that dire time, I'm Just a Person is a moving and often hilarious look at this very brave, very funny woman's journey into the darkness and her thrilling return from it.

I'm Just Happy to Be Here-Janelle Hanchett 2019-05-07 From the creator of the blog "Renegade Mothering," Janelle Hanchett's forthright, wickedly funny, and ultimately empowering memoir chronicling her tumultuous journey from young motherhood to abysmal addiction and a recovery she never imagined possible. At 21, Janelle Hanchett embraced motherhood with the reckless self-confidence of those who have no idea what they're getting into. Having known her child's father for only three months, she found herself rather suddenly getting to know a newborn, husband, and wholly transformed identity. She was in love, but she was bored, directionless, and seeking too much relief in too much wine. Over time, as she searched for home in suburbia and settled life, a precarious drinking habit turned into treacherous dependence, until life became car seats and splitting hangovers, cubicles and multi-day drug binges--and finally, an inconceivable separation from her children. For ten years, Hanchett grappled with the relentless progression of addiction, bouncing from rehabs to therapists to the occasional hippie cleansing ritual on her quest for sobriety, before finding it in a way she never expected. This is a story we rarely hear--of the addict mother not redeemed by her children; who longs for normalcy but cannot maintain it; and who, having traveled to the bottom of addiction, all the way to "society's hated mother," makes it back, only to discover she will always remain an outsider. Like her irreverent, hilarious, and unflinchingly honest blog, "Renegade Mothering," Hanchett's memoir speaks with warmth and wit to those who feel like outsiders in parenthood and life--calling out the rhetoric surrounding "the sanctity of motherhood" as tired and empty, boldly recounting instead how one grows to accept an imperfect self within an imperfect life--thinking, with great and final relief, "Well, I'll be damned, I'm just happy to be here."

Educating Everybody's Children-Robert W. Cole W. Cole 2008-06-15 Designed to promote reflection, discussion, and action among the entire learning community, *Educating Everybody's Children* encapsulates what research has revealed about successfully addressing the needs of students from economically, ethnically, culturally, and linguistically diverse groups and identifies a wide range of effective principles and instructional strategies. Although good teaching works well with all students, educators must develop an extensive repertoire of instructional tools to meet the varying needs of students from diverse backgrounds. Those tools and the knowledge base behind them are the foundation of this expanded and revised second edition of *Educating Everybody's Children*. Each strategy discussed in the book includes classroom examples and a list of the research studies that support it. The most important thing we have learned as a result of the education reform movement is that student achievement stands or falls on the motivation and skills of teachers. We must ensure that all teachers are capable of delivering a standards-based curriculum that describes what students should know and be able to do, and that these standards are delivered by means of a rich and engaging "pedagogy of plenty." By these two acts we can ensure that all schools will be ready and able to educate everybody's children.

The 48 Laws of Power-Robert Greene 2000-09-01 Amoral, cunning, ruthless, and instructive, this multi-million-copy New York Times bestseller is the definitive manual for anyone interested in gaining, observing, or defending against ultimate control - from the author of *The Laws of Human Nature*. In the book that *People* magazine proclaimed "beguiling" and "fascinating," Robert Greene and Joost Elffers have distilled three thousand years of the history of power into 48 essential laws by drawing from the philosophies of Machiavelli, Sun Tzu, and Carl Von Clausewitz and also from the lives of figures ranging from Henry Kissinger to P.T. Barnum. Some laws teach the need for prudence ("Law 1: Never Outshine the Master"), others teach the value of confidence ("Law 28: Enter Action with Boldness"), and many recommend absolute self-preservation ("Law 15: Crush Your Enemy Totally"). Every law, though, has one thing in common: an interest in total domination. In a bold and arresting two-color package, *The 48 Laws of Power* is ideal whether your aim is conquest, self-defense, or simply to understand the rules of the game.

Good to Great-Jim Collins 2011-07-19 *The Challenge Built to Last*, the defining management study of the nineties, showed how great companies triumph over time and how long-term sustained performance can be engineered into the DNA of an enterprise from the very beginning. But what about the company that is not born with great DNA? How can good companies, mediocre companies, even bad companies achieve enduring greatness? The Study For years, this question preyed on the mind of Jim Collins. Are there companies that defy gravity and convert long-term mediocrity or worse into long-term superiority? And if so, what are the universal distinguishing characteristics that cause a company to go from good to great? The Standards Using tough benchmarks, Collins and his research team identified a set of elite companies that made the leap to great results and sustained those results for at least fifteen years. How great? After the leap, the good-to-great companies generated cumulative stock returns that beat the general stock market by an average of seven times in fifteen years, better than twice the results delivered by a composite index of the world's greatest companies, including Coca-Cola, Intel, General Electric, and Merck. The Comparisons The research team contrasted the good-to-great companies with a carefully selected set of comparison companies that failed to make the leap from good to great. What was different? Why did one set of companies become truly great performers while the other set remained only good? Over five years, the team analyzed the histories of all twenty-eight companies in the study. After sifting through mountains of data and thousands of pages of interviews, Collins and his crew discovered the key determinants of greatness -- why some companies make the leap and others don't. The Findings The findings of the Good to Great study will surprise many readers and shed light on virtually every area of management strategy and practice. The findings include: Level 5 Leaders: The research team was shocked to discover the type of leadership required to achieve greatness. The Hedgehog Concept (Simplicity within the Three Circles): To go from good to great requires transcending the curse of competence. A Culture of Discipline: When you combine a culture of discipline with an ethic of entrepreneurship, you get the magical alchemy of great results. Technology Accelerators: Good-to-great companies think differently about the role of technology. The Flywheel and the Doom Loop: Those who launch radical change programs and wrenching restructurings will almost certainly fail to make the leap. "Some of the key concepts discerned in the study," comments Jim Collins, "fly in the face of our modern business culture and will, quite frankly, upset some people." Perhaps, but who can afford to ignore these findings?

There Is a Tribe of Kids-Lane Smith 2016-05-03 Winner of the Kate Greenaway Medal When a young boy embarks on a journey alone . . . he trails a colony of penguins, undulates in a smack of jellyfish, clasps hands with a constellation of stars, naps for a night in a bed of clams, and follows a trail of shells, home to his tribe of friends. If Lane Smith's Caldecott Honor Book *Grandpa Green* was an homage to aging and the end of life, *There Is a Tribe of Kids* is a meditation on childhood and life's beginning. Smith's vibrant sponge-paint illustrations and use of unusual collective nouns such as smack and unkindness bring the book to life. Whimsical, expressive, and perfectly paced, this story plays with language as much as it embodies imagination, and was awarded the 2017

Kate Greenaway Medal. This title has Common Core connections.

Reckless-Chrissie Hynde 2015-09-08 Chrissie Hynde, for nearly four decades the singer/songwriter/ undisputed leader of the Pretenders, is a justly legendary figure. Few other rock stars have managed to combine her swagger, sexiness, stage presence, knack for putting words to music, gorgeous voice and just all-around kick-assedness into such a potent and alluring package. From "Tattooed Love Boys" and "Brass in Pocket" to "Talk of the Town" and "Back on the Chain Gang," her signature songs project a unique mixture of toughness and vulnerability that millions of men and women have related to. A kind of one-woman secret tunnel linking punk and new wave to classic guitar rock, she is one of the great luminaries in rock history. Now, in her no-holds-barred memoir Reckless, Chrissie Hynde tells, with all the fearless candor, sharp humor and depth of feeling we've come to expect, exactly where she came from and what her crooked, winding path to stardom entailed. Her All-American upbringing in Akron, Ohio, a child of postwar power and prosperity. Her soul capture, along with tens of millions of her generation, by the gods of sixties rock who came through Cleveland—Mitch Ryder, David Bowie, Jeff Back, Paul Butterfield and Iggy Pop among them. Her shocked witness in 1970 to the horrific shooting of student antiwar protestors at Kent State. Her weakness for the sorts of men she calls "the heavy bikers" and "the get-down boys." Her flight from Ohio to London in 1973 essentially to escape the former and pursue the latter. Her scuffling years as a brash reviewer for New Musical Express, shop girl at the Malcolm McLaren and Vivienne Westwood boutique 'Craft Must Wear Clothes But The Truth Loves To Go Naked', first-hand witness to the birth of the punk movement, and serial band aspirant. And then, at almost the last possible moment, her meeting of the three musicians who comprised the original line-up of The Pretenders, their work on the indelible first album "The Pretenders," and the rocket ride to "Instant" stardom, with all the disorientation and hazards that involved. The it all comes crashing back down to earth with the deaths of lead guitarist James Honeyman Scott and bassist Peter Dinklage, leaving her bruised and saddened, but far from beaten. Because Chrissie Hynde is, among other things, one of rock's great survivors. We are lucky to be living in a golden age of great rock memoirs. In the aptly titled Reckless, Chrissie Hynde has given us one of the very best we have. Her mesmerizing presence radiates from every line and page of this book.

I'm Just Dead, I'm Not Gone-Jim Dickinson 2017-03-23 I'm Just Dead, I'm Not Gone chronicles Jim Dickinson's extraordinary life in the Memphis music scene of the fifties and sixties and how he went on to play with and produce a rich array of artists, including Aretha Franklin, the Rolling Stones, Ry Cooder, Duane Allman, Arlo Guthrie, and Albert King. With verve and wit, Dickinson (1941-2009) describes his trip to Blind Lemon's grave on the Texas flatlands as a college student and how that encounter inspired his return to Memphis. Back home, he looked up Gus Cannon and Furry Lewis, began staging plays, cofounded what would become the annual Memphis Blues Festival, and started recording. The blues, Elvis, and early rock "n" roll compelled Dickinson to reject racial barriers and spurred his contributions to the Memphis music and experimental art scene. He explains how the family yardman, WDIA, Dewey Phillips, Furry Lewis, Will Shade, and Howlin" Wolf shaped him and recounts how he went on to learn his craft at Sun, Ardent, American, Muscle Shoals, and Criteria studios from master producers Sam Phillips, John Fry, Chips Moman, and Jerry Wexler. Dickinson is a member of the Mississippi Music Hall of Fame and an inaugural inductee of the Memphis Music Hall of Fame. He has received the Lifetime Achievement Award for Engineering and Production from the Americana Music Association, a Brass Note on the Beale Street Walk of Fame in Memphis, and a Heritage Marker on the Mississippi Blues Trail. This memoir recounts a love affair with Memphis, the blues, and rock "n" roll through Dickinson's captivating blend of intelligence, humor, and candor.

Untamed-Glennon Doyle 2020-03-12 'This book will shake your brain and make your soul scream. I am so ready for myself after reading this book!' Adele 'Untamed will liberate women - emotionally, spiritually, and physically. It is phenomenal.' Elizabeth Gilbert, author of City of Girls and Eat Pray Love Who were you before the world told you who to be? Part inspiration, part memoir, Untamed explores the joy and peace we discover when we stop striving to meet the expectations of the world, and instead dare to listen to and trust in the voice deep inside us. From the beloved New York Times bestselling author, speaker and activist Glennon Doyle. ***** For many years, Glennon Doyle denied her discontent. Then, while speaking at a conference, she looked at a woman across the room and fell instantly in love. Three words flooded her mind: There. She. Is. At first, Glennon assumed these words came to her from on high but soon she realised they had come to her from within. This was the voice she had buried beneath decades of numbing addictions and social conditioning. Glennon decided to let go of the world's expectations of her and reclaim her true untamed self. Soulful and uproarious, forceful and tender, Untamed is both an intimate memoir and a galvanising wake-up call. It is the story of how one woman learned that a responsible mother is not one who slowly dies for her children, but one who shows them how to fully live. It is also the story of how each of us can begin to trust ourselves enough to set boundaries, make peace with our bodies, honour our anger and heartbreak, and unleash our truest, wildest instincts. Untamed shows us how to be brave. And, as Glennon insists, 'The braver we are, the luckier we get.'
