

Kindle File Format Kindertransport

Right here, we have countless books **kindertransport** and collections to check out. We additionally give variant types and in addition to type of the books to browse. The suitable book, fiction, history, novel, scientific research, as with ease as various further sorts of books are readily easy to use here.

As this kindertransport, it ends taking place monster one of the favored ebook kindertransport collections that we have. This is why you remain in the best website to see the incredible book to have.

Trauma and Attachment in the Kindertransport Context-Iris Guske 2009-03-26 The present volume is the result of an interdisciplinary oral history research project, which was carried out at the Centre for German-Jewish Studies at the University of Sussex. It focuses on the Kindertransport, the British rescue operation saving 10,000 predominantly German-Jewish children from Nazi Germany, and is based on in-depth case studies of five child survivors of the Holocaust. Looking at human development over the life cycle as mediated by intervening trauma was at the heart of the project, which examined the making and breaking of a child's close ties to significant others, processes of identity formation under acculturative stress as well as the creation and recall of traumatic memories. The study is thus one of the few in the field of attachment research which sheds light on the lifelong influence which early attachment has on coping with massive cumulative trauma. The former child refugees' narratives are enriched by letters, diaries, or articles written by them and their (host) families as well as by interviews conducted with family members and friends. Consequently, we can look at individual lives and collective destinies from more than one perspective as we are provided with rich, multi-layered accounts of people's whole-life trajectories. While each Holocaust survivor's developmental story is unique, it is, however, linked to the others' by the common experience of negotiating an identity between two countries, cultures, and religions against the background of unparalleled political upheavals, and as such also sheds light on, and offers ways out of, the traumata suffered in present-day contexts of enforced

migration and displacement.

Kindertransport-Diane Samuels 1995 In 1938, seven-year-old Eva Schlessinger is put aboard a train filled with other Jewish children and carried away from Nazi Germany in a little-known rescue operation called "Kindertransport". More than four decades later, she had become a quintessential Englishwoman who hides her origins from everyone, including her own daughter. Here in Kindertransport her past and present collide. We see the terrified child who possesses only two gold rings and a Star of David hidden in the heel of her shoe to link her to the parents she left behind. And we watch the grown woman who had tried to forget the Kindertransport at the moment when her daughter discovers a storage box of papers. As her daughter questions her, a shattering truth emerges about Eva's identity, the true cost of survival, and the future that grows out of a traumatized past.

The Kindertransport to Britain 1938/39-Andrea Hammel 2012-12 This volume examines the Kindertransport to Britain 1938/39. The seventeen contributions provide various new perspectives, which are investigated for the first time in this volume. Chapters focus on the Kindertransport in British historiography, on the identity development of specific groups of Kindertransportees, on the Kindertransportees' further migration pattern, and on Kindertransport literature. Further contributions include a comparative study of Kindertransportees and evacuees, an article on

therapeutic work with former Kindertransportees and reports on various memorial and cultural pr.

The Kindertransport-Jennifer Craig-Norton 2019-06-25 Jennifer Craig-Norton sets out to challenge celebratory narratives of the Kindertransport that have dominated popular memory as well as literature on the subject. According to these accounts, the Kindertransport was a straightforward act of rescue and salvation, with little room for a deeper, more complex analysis. This volume reveals that in fact many children experienced difficulties with settlement: they were treated inconsistently by refugee agencies, their parents had complicated reasons for giving them up, and their caregivers had a variety of motives for taking them in. Against the grain of many other narratives, Craig-Norton emphasizes the use of archival sources, many of them newly discovered testimonial accounts and letters from Kinder to their families. This documentary evidence together with testimonial evidence allows compelling insights into the nature of interactions between children and their parents and caregivers and shows readers a more nuanced and complete picture of the Kindertransport.

Kindertransport-Olga Levy Drucker 2011-04-01 Mama and I climbed aboard. I waved to Papa until he was only a tiny speck in the distance. The train turned the curve, and he was gone. The powerful autobiographical account of a young girls' struggle as a Jewish refugee in England from 1939-1945.

Into the Arms of Strangers-Mark Jonathan Harris 2017-02 With a preface by Lord Richard Attenborough, a collection of accounts from some of the 10,000 children rescued from the Nazi Regime and brought to the UK by the Kindertransport scheme. In November 1938, international public opinion was shocked by the news of Kristallnacht - the anti-Jewish pogrom that led to the burning of synagogues and the first mass arrests of Jewish men. Twelve days later, the British government implemented the Kindertransport plan, which allowed many children to leave the horrors of the Nazi regime and find temporary refuge within British families and hostels. By the time

war was declared in September 1939, this brave undertaking had saved 10,000 lives. This book, based on the Academy Award-winning feature documentary of the same name, reveals what it was like to grow up in the shadow of the Nazi threat, to escape danger and fear, but also to leave family and friends, perhaps for ever. It is poignantly told in the words of those directly involved. It is both an astonishing insight into a remarkable moment of history and a timely reminder of how welcoming our country has been in the past to those who need welcome, shelter and hope.

The Kindertransport-Jennifer Craig-Norton 2019 "Jennifer Craig-Norton sets out to challenge celebratory narratives of the Kindertransport that have dominated popular memory as well as literature on the subject. According to these narratives, the Kindertransport was a straightforward act of rescue and salvation, with little room for dealing with deeper, more complex issues. Craig-Norton reveals that many children experienced difficulties with settlement, they were treated inconsistently by refugee agencies, their parents had various motives for giving them up, and their carers had complex reasons for taking them in. Against the grain of many other narratives, Craig-Norton emphasizes the use of archival sources, many of them newly discovered testimonial accounts and letters from Kinder to their families. This documentary evidence together with testimonial evidence allows Craig-Norton to offer compelling insights into the nature of interactions between children and their parents and caregivers. She shows readers a more nuanced and complete picture of the Kindertransport" --

Part of the Family-Jason Hensley 2016-05-14 In 1938 and 1939, via a movement known as the Kindertransport, thousands of Jewish children were taken from Nazi-occupied territories to safety in Great Britain. They came to a new family, a new country, and a new life. Approximately 250 of these children were sponsored by Christadelphians, a small Christian group. Often the Holocaust is considered in terms of statistics: how many perished and how many were affected, so much so that at times the individual stories are lost in the numbers. This series examines the experiences of the individuals who came to England as children, and lived with Christadelphians. Ten of these child survivors, and their families, participated in the effort to bring about this first volume. These are their

stories.

The Kindertransport-Jennifer A. Norton 2010 The Kindertransport, a British scheme to bring unaccompanied mostly Jewish refugee children threatened by Nazism to Great Britain, occupies a unique place in modern British history. In the months leading up to the Second World War, it brought over 10,000 children under the age of seventeen into the United Kingdom without their parents, to be fostered by British families and re-emigrated when they turned eighteen. Mostly forgotten in the post-war period, the Kindertransport was rediscovered in the late 1980s when a fiftieth anniversary reunion was organized. Celebrated as an unprecedented act of benevolent rescue by a generous British Parliament and people, the Kindertransport has been subjected to little academic scrutiny. The salvation construct assumes that the Kinder, who were mostly silent for fifty years, experienced little hardship and that their survival more than compensated for any trauma they suffered. This study challenges the prevailing triumphant narrative and its underlying assumptions by examining the government policies that allowed the children to come to England and the effects of these policies on the children's lives. The British government's decision to bring only children and not their parents left a majority of them orphans after their families were murdered in the Holocaust. Exacerbating the trauma of separation was the government decree that the program be entirely privately organized and funded and that the children's welfare be overseen by non-governmental agencies, which were ill-equipped for such a task. Relying upon Kinder testimony, the official documentation of the rescuers and parliamentary debate proceedings, this study analyzes and contests the redemptory narrative and examines how it has been shaped and reinforced by the government, the rescuers and the Kinder themselves in the seventy years since the program's inception.

Kindertransport Refugees-Source Wikipedia 2013-09 Please note that the content of this book primarily consists of articles available from Wikipedia or other free sources online. Pages: 29. Chapters: Frank Auerbach, Kindertransport, Otto Newman, Hedy Epstein, Paul Cohn, Walter Kohn, David Hurst, Martin Ostwald, Arno Allan Penzias, Fritz Spiegl, Alfred Bader, Gustav Metzger, Fred Spira, Alf Dubs, Baron Dubs, Steve Shirley, Karel

Reisz, A. Edward Nussbaum, Lore Segal, Meier Schwarz, John Rayner, Erich Reich, Otto Plaschkes, Joe Schlesinger, Into the Arms of Strangers: Stories of the Kindertransport, Renata Laxova, Rolf Decker, Oswald Hanfling, Ignaz Maybaum, Michael Steinberg, Geoffrey Hartman, Karen Gershon, Ari Rath, Leslie Brent, Hella Pick, Richard Grunberger, Guenter Treitel, Heini Halberstam. Excerpt: Kindertransport (also Refugee Children Movement or "RCM") is the name given to the rescue mission that took place nine months prior to the outbreak of the Second World War. The United Kingdom took in nearly 10,000 predominantly Jewish children from Nazi Germany, Austria, Czechoslovakia, Poland and the Free City of Danzig. The children were placed in British foster homes, hostels, and farms. Most of the rescued children survived the war. A small number were reunited with parents who had either spent the war in hiding or survived the Nazi camps, but the majority, after the war, found their parents had been killed. World Jewish Relief (then called 'The Central British Fund for German Jewry') was established in 1933 as a direct result and to support in whatever way possible the needs of Jews both in Germany and Austria. Records for every child who arrived in the UK through the Kindertransports are maintained by World Jewish Relief. Arrival of Jewish refugee children, port of London, February 1939 On 15 November 1938, 5 days after the devastation of "Kristallnacht," the "Night of Broken Glass," in Germany and Austria, a delegation of British Jewish leaders appealed in person to the Prime Minister of the United...

The Children's Train-Jane Zinser 2015-10-26 The Jewish children of Germany are frightened, and their parents are too. Hitler's men have just broken their store windows, stolen and destroyed their belongings, and arrested many Jewish fathers and brothers. When England arranges to take the children out of Germany by train, the Kindertransport is organized. The train filled with Jewish children escaping the Nazis chugs over the border into Holland, where they are ferried across the English Channel to England and to freedom. But for Peter, the shy violin player, his sister Becca, and his friends Stephen and Hans, life in England holds challenges as well. Peter's friend Eva, who did not get a seat on the Kindertransport, is left to the evil plans of Hitler. Peter, working his musician's hands raw at a farm in Coventry, wonders if they should have stayed and fought back instead of escaping. That night the Coventry farm is bombed. The Nazis have reached

England. Peter has nothing left. He decides it's time to stand and fight Hitler. Pe

Escaping the Nazis on the Kindertransport-Emma Carlson Bernay 2017-01-01 Tells the stories--in their own words--of several of the thousands of Jewish children rescued from Nazi Germany between 1938 and 1940 and brought to new homes in the United Kingdom. Memoir pieces, poems, photographs, and other primary sources bring their stories to life in digital format.

Children's Exodus-Vera K. Fast 2010-11-09 In the months leading up to the outbreak of World War Two, Britain rushed to evacuate nearly 10,000 Jewish children from the Nazi occupied territories. Through the unprecedented cooperation of religious and governmental organizations, the Kindertransport spared thousands of Jewish children from the terror of the Third Reich and provided them with host families in Britain. "Children's Exodus" offers an in-depth look at the people and politics behind the various chains of rescue as well as the personal narratives of the children who left everything behind in the hope of finding safety. Drawing on unpublished interviews, journals, and articles, Vera K. Fast examines the religious and political tensions that emerged throughout the migration and at times threatened to bring operations to a halt. "Children's Exodus" captures the life-affirming stories of child refugees with vivid detail and examines the motivations - religious or otherwise - of the people that orchestrated one of the greatest rescue missions of all time.

Saving Children From the Holocaust-Ann Byers 2012-01-01 Who will look after me...and why can't we all go together? Kurt Fuchel asked his father these questions, as the young boy prepared to embark on a journey to England...alone. Fuchel was one of ten thousand children who made this journey shortly before World War II began. In 1938, Jews searched for a way out of Germany, but anti-Jewish laws and nations unwilling to accept fleeing refugees made escape difficult or impossible. England's effort to save the children effort came to be known as the Kindertransport, and

author Ann Byers discusses the heroes who organized the transports and the children who were saved from the Holocaust.

Throw Your Feet Over Your Shoulders-Frieda Korobkin 2012-11-06

We Had to Be Brave: Escaping the Nazis on the Kindertransport-Deborah Hopkinson 2020-09-03 Sibert Honor author, Deborah Hopkinson, illuminates the true stories of Jewish children who fled Nazi Germany, risking everything to escape to safety on the Kindertransport.

Kindertransport-Diane Samuels 2011

Ten Thousand Children-Anne L. Fox 1999 Tells the true stories of children who escaped Nazi Germany on the Kindertransport, a rescue mission led by concerned British to save Jewish children from the Holocaust.

Kindertransport-Adrian Jackson 2013-09-30 Some people say that Jewish children who were whisked out of Nazi Germany on the eve of war were not victims of the Holocaust. These children were taken to the United Kingdom to live out the war with foster families. Many never saw their parents again. This is the fictitious story of four siblings on the Kindertransport.

Rescuing the Children-Deborah Hodge 2012-10-09 This important book tells the story of how ten thousand Jewish children were rescued out of Nazi Europe just before the outbreak of World War 2. They were saved by the Kindertransport — a rescue mission that transported the children (or Kinder) from Nazi-ruled countries to safety in Britain. The book includes real-life accounts of the children and is illustrated with archival photographs, paintings of pre-war Nazi Germany by artist, Hans Jackson, and original art by the Kinder commemorating their rescue.

I Came Alone-Bertha Leverton 1990 Presents accounts of persons who were brought to Great Britain as unaccompanied children in 1939 from the Greater Reich (Germany, Austria, Czechoslovakia). Concentrating mostly on their lives in England and in North America, many of them also relate their experiences under the Nazi regime. Includes facsimiles of documents concerning these "children's transports" and their reception in Great Britain.

Into the Arms of Strangers-Mark Jonathan Harris 2000 The story of how Jewish children were sent to Great Britain by their parents during World War II to protect them from Hitler.

The Tiger in the Attic-Edith Milton 2008-09-15 In 1939, on the eve of Hitler's invasion of Poland, seven-year-old Edith Milton (then Edith Cohn) and her sister Ruth left Germany by way of the Kindertransport, the program which gave some 10,000 Jewish children refuge in England. The two were given shelter by a jovial, upper-class British foster family with whom they lived for the next seven years. Edith chronicles these transformative experiences of exile and good fortune in *The Tiger in the Attic*, a touching memoir of growing up as an outsider in a strange land. In this illuminating chronicle, Edith describes how she struggled to fit in and to conquer self-doubts about her German identity. Her realistic portrayal of the seemingly mundane yet historically momentous details of daily life during World War II slowly reveals itself as a hopeful story about the kindness and generosity of strangers. She paints an account rich with colorful characters and intense relationships, uncanny close calls and unnerving bouts of luck that led to survival. Edith's journey between cultures continues with her final passage to America—yet another chapter in her life that required adjustment to a new world—allowing her, as she narrates it here, to visit her past as an exile all over again. *The Tiger in the Attic* is a literary gem from a skilled fiction writer, the story of a thoughtful and observant child growing up against the backdrop of the most dangerous and decisive moment in modern European history. Offering a unique

perspective on Holocaust studies, this book is both an exceptional and universal story of a young German-Jewish girl caught between worlds. "Adjectives like 'audacious' and 'eloquent,' 'enchanted' and 'exceptional' require rationing. . . . But what if the book demands these terms and more? Such is the case with *The Tiger in the Attic*, Edith Milton's marvelous memoir of her childhood."—Kerry Fried, *Newsday* "Milton is brilliant at the small stroke . . . as well as broader ones."—Alana Newhouse, *New York Times Book Review*

The Children of Willesden Lane-Mona Golabek 2017-03-28 A young readers' edition of an important and inspiring true story of hope and survival during World War II. Fourteen-year-old Lisa Jura was a musical prodigy who hoped to become a concert pianist. But when Hitler's armies advanced on pre-war Vienna, Lisa's parents were forced to make a difficult decision. Able to secure passage for only one of their three daughters through the Kindertransport, they chose to send gifted Lisa to London for safety. As she yearned to be reunited with her family while she lived in a home for refugee children on Willesden Lane, Lisa's music became a beacon of hope. A memoir of courage and the power of music to uplift the human spirit, this compelling tribute to one special young woman and the lives she touched will both educate and inspire young readers.

The Berlin Shadow-Jonathan Lichtenstein 2020-12-15 A deeply moving memoir that confronts the defining trauma of the twentieth century, and its effects on a father and son. In 1939, Jonathan Lichtenstein's father Hans escaped Nazi-occupied Berlin as a child refugee on the Kindertransport. Almost every member of his family died after Kristallnacht, and, upon arriving in England to make his way in the world alone, Hans turned his back on his German Jewish culture. Growing up in post-war rural Wales where the conflict was never spoken of, Jonathan and his siblings were at a loss to understand their father's relentless drive and sometimes eccentric behavior. As Hans enters old age, he and Jonathan set out to retrace his journey back to Berlin. Written with tenderness and grace, *The Berlin Shadow* is a highly compelling story about time, trauma, family, and a father and son's attempt to emerge from the shadows of history.

Mit dem Kindertransport in die Freiheit-Gideon Behrendt 2001

Memoirs of a Jew born in 1924 in Berlin, whose mother died when he was seven years old. Behrendt lived with his father, and part of time in orphanages. In 1938 he had to leave public school, and began to study in a Jewish school. In June 1938 Behrendt's father was arrested and deported to Buchenwald. In December 1938, shortly after the "Kristallnacht" pogrom, Behrendt left for England on a Kindertransport. His father was released from Buchenwald, and emigrated to Shanghai before the outbreak of World War II. In 1942 Behrendt joined the British army in order to fight against Hitler. His brother, Heinz, was deported to the Minsk ghetto and later to Bergen-Belsen; he emigrated to Palestine after the war. Gideon Behrendt himself emigrated to Palestine in 1947.

Kindertransport-Olga Levy Drucker 1992 The author describes the circumstances in Germany after Hitler came to power that led to the evacuation of many Jewish children to England and her experiences as a young girl in England during World War II.

The Significance of the Ratcatcher in the Play "Kindertransport" by Diane Samuels- 2018-07-17

Seminar paper from the year 2017 in the subject English - Literature, Works, grade: 1,3, Technical University of Braunschweig, language: English, abstract: In 1993 the play "Kindertransport" by Diane Samuels was performed for the first time by the Soho Theatre Company. Ever since, the play has been performed in various productions all over the world and still celebrates massive success. The piece focuses on the story of a little Jewish girl named Eva, who has to leave her family and home in Germany to travel to a foster family in England. The play depicts Eva's experiences with the Kindertransport and shows her new life in England as a young girl and later on as an older woman who has a grown-up daughter. Next to Eva, her mother her foster mother and her daughter, there is one other noteworthy character, the Ratcatcher. This mythic character is an omnipresent figure that accompanies Eva through the whole play. This research paper will examine the significance and functions that the character the Ratcatcher in the play Kindertransport

obtains. All of the following research will be used to confirm or negate the subsequent thesis: The Ratcatcher is an essential character in the play Kindertransport. In order to do so, an emphasis will be put on the origin of this character, namely the Pied Piper, and the differences between these two individuals will be highlighted. Furthermore, the play will be closely analysed and the most important themes in reference to the Ratcatcher and his story will be explored. The final part of this research paper will then summarise all of the findings, it will explain how Diane Samuels uses the character of the Ratcatcher in her play and the stated thesis will be confirmed or negated. Eventually, an outlook will be given, which focuses on further possibilities to analyse the behaviour of the Ratcatcher and the relationships he obtains during the play.

A Transported Life-Thea Eden 1995 Thea Eden, a childhood refugee who escaped to England on the Kindertransport program tells her story in which she articulates the effects of the Holocaust on child survivors. Thea Edens' words are essential in these times of Holocaust revisionism.

MultiCultural Review- 2004

Kindertransport-Ant Stones 2014-11-13 Can you imagine leaving your home and your family, and moving hundreds of miles away, to a different country, because it was too dangerous to stay in your own country? During World War II, this was the situation millions of people, many of them children, faced. Stories of World War II: Kindertransport tells the story of the Jewish children who left Germany, Austria, Czechoslovakia and Poland without their parents in 1939, before the outbreak of World War II, and came to Britain on the Kindertransport. The book explains what happened, why they had to leave their homes, how they came to Britain and what happened to them when they arrived. Much of the material on which the book is based comes from The National Archives, and so is made up of government documents and reports from during World War II. This gives the book a real grounding in fact and in history - it is a true account of what life was like for the children of the Kindertransport during World War II.

The other book in the series, *Stories of World War II: Evacuation*, tells the story of children evacuated from British towns and cities to the countryside during World War II.

The Children of Willesden Lane-Mona Golabek 2003-11-01 Based on the true story of her mother, Mona Golabek describes the inspirational story of Lisa Jura Golabek's escape from Nazi-controlled Austria to England on the famed Kindertransport. Jewish musical prodigy Lisa Jura has a wonderful life in Vienna. But when the Nazis start closing in on the city, life changes irreversibly. Although he has three daughters, Lisa's father is only able to secure one berth on the Kindertransport. The family decides to send Lisa to London so that she may pursue her dreams of a career as a concert pianist. Separated from her beloved family, Lisa bravely endures the trip and a disastrous posting outside London before finding her way to the Willesden Lane Orphanage. It is in this orphanage that Lisa's story truly comes to life. Her music inspires the other orphanage children, and they, in turn, cheer her on in her efforts to make good on her promise to her family to realize her musical potential. Through hard work and sheer pluck, Lisa wins a scholarship to study piano at the Royal Academy. As she supports herself and studies, she makes a new life for herself and dreams of reconnecting with the family she was forced to leave behind. The resulting tale delivers a message of the power of music to uplift the human spirit and to grant the individual soul endurance, patience, and peace.

Diane Samuels' Kindertransport-Diane Samuels 2014-01-23 The author's guide to *Kindertransport*, an invaluable and uniquely authoritative resource for anyone studying, teaching or performing the play. Since it was first staged by the Soho Theatre Company in London in 1993, Diane Samuels' *Kindertransport* has enjoyed huge success around the world, has been revived numerous times, and is widely studied in schools and colleges. The play tells the story of how nine-year-old Eva, a German Jewish girl, is sent by her parents on the Kindertransport to start a new life with a foster family in Britain just before the outbreak of World War Two. Over forty years later, she has changed her name to Evelyn and denied her roots. When her own daughter discovers some old letters and photos in the attic, she is forced to confront the truth about who she really is and to reveal a dark secret that

she has done everything to keep hidden. In this author's guide to the play, Diane Samuels investigates the historical background, drawing on the personal testimony of those whose lives were transformed by the Kindertransport. She explores the creative process that shaped the play through successive drafts. And she presents detailed accounts from the actors, directors, a composer and designer who have contributed to the play's most notable productions. "Illuminating... It's a refreshing change for a study guide to come from the pen of the person who created the text being studied... an informative, enlightening contribution to textual study and performance." - The Stage Diane Samuels is a playwright and author whose plays include *Kindertransport*, *The True-Life Fiction of Mata Hari* (Palace Theatre, Watford, 2002), *Cinderella's Daughter* (Trestle Theatre, 2005) and *Tiger Wings* (BBC Radio 4). She has written several plays for younger audiences and wrote the book for the musical *The A-Z of Mrs P*, music and lyrics by Gwyneth Herbert (Southwark Playhouse, 2014).

Rescuing the Children-Deborah Hodge 2012 Discusses the efforts of the Kindertransport, which rescued ten thousand Jewish children from Nazi occupied countries before the start of World War II.

Never Look Back-Judith Tydor Baumel-Schwartz 2012-06-15 Between December 1938 and September 1939, nearly ten thousand refugee children from Central Europe, mostly Jewish, found refuge from Nazism in Great Britain. This was known as the Kindertransport movement, in which the children entered as "transmigrants," planning to return to Europe once the Nazis lost power. In practice, most of the kinder, as they called themselves, remained in Britain, eventually becoming citizens. This book charts the history of the Kindertransport movement, focusing on the dynamics that developed between the British government, the child refugee organizations, the Jewish community in Great Britain, the general British population, and the refugee children. After an analysis of the decision to allow the children entry and the machinery of rescue established to facilitate its implementation, the book follows the young refugees from their European homes to their resettlement in Britain either with foster families or in refugee hostels. Evacuated from the cities with hundreds of thousands of British children, they soon found themselves in the countryside with new

Downloaded from politecnica.universidadeuropea.es on June 17, 2021 by guest

foster families, who often had no idea how to deal with refugee children barely able to understand English. Members of particular refugee children's groups receive special attention: participants in the Youth Aliyah movement, who immigrated to the United States during the war to reunite with their families; those designated as "Friendly Enemy Aliens" at the war's outbreak, who were later deported to Australia and Canada; and Orthodox refugee children, who faced unique challenges attempting to maintain religious observance when placed with Gentile foster families who at times even attempted to convert them. Based on archival sources and follow-up interviews with refugee children both forty and seventy years after their flight to Britain, this book gives a unique perspective into the political, bureaucratic, and human aspects of the Kindertransport scheme prior to and during World War II.

Into the Arms of Strangers-Mark Jonathan Harris 2000 For nine months prior to World War Two, Britain conducted an extraordinary rescue mission, opening its doors to 10,000 children at risk from the Nazi regime - ninety per cent of them Jewish - from Germany, Austria and Czechoslovakia.

The Berlin Shadow-Jonathan Lichtenstein 2020-12-15 A deeply moving memoir in three timeframes by an award-winning playwright that confronts the defining trauma of the twentieth century, and its effects on a father and son In 1939, Jonathan Lichtenstein's father Hans escaped Nazi-occupied Berlin as a child refugee on the Kindertransport. Almost every member of his family died after Kristallnacht, and, arriving in England to make his way in the world alone, Hans turned his back on his German Jewish culture. Growing up in post-war rural Wales where the conflict was never spoken of,

Jonathan and his siblings were at a loss to understand their father's relentless drive and sometimes eccentric behavior. As Hans enters old age, he and Jonathan set out to retrace his journey back to Berlin. Written with tenderness and grace, *The Berlin Shadow* is a highly compelling story about time, trauma, family, and a father and son's attempt to emerge from the shadows of history.

We Had to Be Brave: Escaping the Nazis on the Kindertransport (Scholastic Focus)-Deborah Hopkinson 2020-02-04 Sibert Honor author Deborah Hopkinson illuminates the true stories of Jewish children who fled Nazi Germany, risking everything to escape to safety on the Kindertransport.

Kindertransport Association (KTA).- Features the Kindertransport Association (KTA) based in Hicksville, New York, a nonprofit organization of Jewish Holocaust survivors who were sent, without their parents, out of Austria, Germany, Poland, and Czechoslovakia to Great Britain. Explains that members of the KTA are those who ultimately came to live in the United States or Canada, and their subsequent generations. Highlights reunions, events, and newsletters of the KTA.

Rhode Island Jewish Historical Notes- 2009
