Craft Moves-Stacey Shubitz 2016-06-28 Foreword by Lester Laminack How do you choose mentor texts for your students? How do you mine them for the craft lessons you want your students to learn? In Craft Moves, Stacey Shubitz, cofounder of the Two Writing Teachers website, does the heavy lifting for you: using twenty recently published picture books, she creates more than 180 lessons to teach various craft moves that will help your students become better writers. Stacey first discusses picture books as teaching tools and offers ways to integrate them into your curriculum, and classroom discussions. She also shares routines and classroom procedures to help students focus on their writing during the independent writing portion of writing workshop and helps teachers prepare for small-group instruction. Each of the 184 lessons in the book includes a publisher's summary, a rationale or explanation of the craft move demonstrated in the book, and a procedure that takes teachers and students back into the mentor text to deepen their understanding of the selected craft move. A step-by-step guide demonstrates how to analyze a picture book for multiple craft moves. Using picture books as mentor texts will help your students not only read as writers and write with joy but also become writers who can effectively communicate meaning, structure their writing, write with detail, and give their writing their own unique voice.

After all, didn’t Miss Finch tell the class that the strikers are nothing but rabble-rousers—an uneducated, violent mob? Suppose Mamma and Anna are jailed or, worse, killed? What will happen to Rosa and little Ricci? When Rosa is sent to Vermont with other children to live with strangers until the strike is over, she fears she will never see her family again. Then, on the train, a boy begs her to pretend that he is her brother. Alone and far from home, she agrees to protect him . . . even though she suspects that he is hiding some terrible secret. From a beloved, award-winning author, here is a moving story based on real events surrounding an infamous 1912 strike.

Don't Let the Pigeon Drive the Bus! went on to sell millions of copies, receive a Caldecott Honor, and spawn additional picture books, apps, games, and even silly bands. But did you know the Pigeon was born many years earlier in the pages of a sketchbook? In Don't Pigeonhole Me! Two Decades of the Mo Willems Sketchbook, readers are given a rare glimpse into the mind of the man the New York Times described as “The biggest new talent to emerge thus far in the '00s.” Since he was a teenager, Mo has been creating characters and scribbling ideas in the pages of sketchbooks. In the early 1990s, he started self-publishing collections of his drawings, and The Mo Willems Sketchbook was created. What began as a calling card for his work has morphed over the years from a form of therapy, to an opportunity to explore and experiment, to a gift for friends and loved ones. But these sketchbooks have always been (and continue to be) the well from which Mo draws ideas and inspiration. Featuring a foreword by Eric Carle and an introduction by Mo, this volume includes all twenty sketchbooks from the last two decades. Don't Pigeonhole Me! reveals the author/illustrator at his most truthful, most experimental, most grown-up. Most Mo. Want to know where ideas come from? Look inside.
