Grow Your Own Veg-Carol Klein 2007-01-01 This is a TV tie-in for a new BBC TV series "Grow Your Own Veg!" by TV presenter and highly regarded gardener Carol Klein, who has collaborated with the Royal Horticultural Society to create a lavishly illustrated, easy-to-follow, practical and inspiring beginner's handbook to everything anyone ever needs to know to grow vegetables, salads, and herbs all year round. "Grow Your Own Veg!" complements and builds upon the information covered in the TV series of the same name and provides all the practical know-how to get growing your own vegetables.

Combining Carol Klein's no-nonsense and enthusiastic approach to gardening, much loved by viewers of "Gardeners' World" on BBC TV, with the horticultural best practice from the Royal Horticultural Society, this is a genuinely step-by-step beginner's guide to growing an aspirational but achievable range of food plants. Whatever the size of a garden, this is a book to convert readers to the pleasures of growing and harvesting their own food plants. From preparing a plot, planning what to plant, and how to grow any one of the 40 featured food plants, this is a book to which veg growers can return every year, whatever their level of expertise.

Recycle and Remake-DK 2020-04-02 Kids are on a mission to save the Earth! Recycle and Remake is the hands-on, practical guide you need to get started. This gentle, but empowering book is full of creative making activities, information, and ideas that give young eco-warriors (like you!) the know-how to really help the environment. With Recycle and Remake, you will soon be saving trees by making your own seeded recycled paper from junk mail, cleaning up the oceans by turning old carrier bags into kites, friendship bracelets, and colourful weaved baskets, and repurposing a cardboard box into a periscope. You'll also learn about sustainable energies by creating a simple solar oven, cutting down on cling-film by making a food wrap from scrap cotton and beeswax, and turning an old t-shirt into a reusable tote bag so you never need to buy

a plastic carrier bag again. You can even grow new plants to clean the air in your own up-cycled milk bottle planters and using homemade compost. As you make and create, you will learn kid-friendly facts about the big issues our planet is facing. Each of the activities directly relates to an environmental hot topic, such as plastic pollution, food waste, or deforestation. Budding environmentalists all over the world are feeling inspired to do their bit for our unique planet. This future-friendly ebook is here to guide you with all the information, ideas, tips, and tools you need to be part of the solution.
