Audio Normalization: Should You Normalize Your Tracks

12/10/2020 · In fact, normalizing an entire track to 0 dB is a recipe for disaster. When it comes to raising the level of an entire track, normalizing is among the worst options. The normalize function finds the highest peak in the entire waveform and raises it to the target. With this peak touching the 0 dB maximum, things get unpredictable.

Making Tracks - Wikipedia

Making Tracks is an Asian American musical theater production by Second Generation, a New York-based theater company, with music by

Woody Pak, lyrics by Brian Yorkey, and concept and book by Welly Yang. Making Tracks tells the story of the rich and diverse history of Asians in America. Asians were often limited to playing the roles of "the gook," "the geek," and "the gangster." In the summer of ...
