The Seagull-Anton Chekhov 2010-07-12 Chekhov is a unique force in modern drama. His works have long been cherished for their brilliant wit and unusual ability to provide striking insights into the human condition. In these stunning, individually published translations of three of Chekhov's most popular and beloved plays, Laurence Senelick presents a fresh perspective on the master playwright and his groundbreaking dramas. This volume illuminates the timeless trials of art and love and bring Chekhov's memorable characters to life. Each of these three plays showcases the hallmark features of a Chekhov classic: clashing desires, complex family dynamics, the individual's loss of balance and sense of identity in the shifting eruptions of society and a modernizing Russia, and the angst of artistic struggle and ambition. Supplementing each of the plays are an account of Chekhov's life, a note on the translation, introductions to each work, and variant lines - often removed due to government censorship - which illuminate the context in which they were written and shed light on Chekhov's work as a playwright. These editions are the perfect guides to enriching our understanding of this great dramatist or to staging a production.

Hook Point-Brendan Kane 2020-08-04 Hook Point: How to Stand Out in a 3-Second World, by out of the box thinker Brendan Kane, breaks down the most effective strategies to generate new opportunities, innovate and scale your business, and create a compelling brand--both online and off--so you can thrive in the new micro-attention world in which we live. A lot of people know who they are, what they do, and a few even know why they do it--but even when brands or individuals have clarity in these areas, they often struggle to grab a potential audience's attention for long enough to get them to learn about their attributes. Others have amazing products or services that fail to achieve great success because they don't know how to talk about what they do effectively. This is because digital and social media have reshaped our world into one of micro-attention. There are over sixty billion messages shared on digital platforms each day, and the average person is exposed to between four thousand to ten thousand ads a day. This bombardment of stimuli has changed the way we communicate and market content both online and off. In fact, research shows that you have less than three seconds to capture a person's attention. With such a short window of time, we need to hook audiences quickly, efficiently, and consistently if we want to successfully fuel brand awareness and growth. Luckily, Brendan Kane, an out of the box thinker and strategist who's built platforms for celebrities like Taylor Swift and Rhianna, and worked with Fortune 500 companies like Paramount, Viacom, and MTV has mastered the art of standing out. In Hook Point: How to Stand Out in a 3-Second World he reveals the power of hook points--a communication tool that helps marketers package their messages in a succinct, attention-grabbing way that leads to better opportunities both online and off. Whether you're promoting a brand, product, or service this book is the essential guide for making it in our three-second world.
