<b>He Put My Buddha In The Freezer</b> -Amy Karl 2020-08-28 A sexy, talented, (relatively) sane, young actress goes to Hollywood to find fame, fortune and love. And if this were the movies, by the end she'd have all three. But this being the real Hollywood, things don't quite work out that way. When Amy falls head over heels for mega talent agent Richard Berg, she's confident her newfound love will connect her to her acting dreams. And why wouldn't she believe this? Richard works at a top agency in Beverly Hills; invites her to all his movie premieres; hosts a basketball game every Saturday on the tennis court of his 8,000 square foot Hollywood home, where the "who's who" in entertainment show up to dribble; and... just asked her to move in. Little did Amy know that moving out of her rundown 600 square foot apartment into Richard's palatial pad, rubbing shoulders with Hollywood A-listers would do little more than connect her to a granola bar. He Put My Buddha In The Freezer chronicles how, over a decade – while traveling in the hippest of Hollywood circles–Amy almost found love, almost found fame, definitely found the best yoga studio; and at last found, perhaps not what she was looking for, but exactly what she needed in the last place she would have thought to look. As He Put My Buddha in The Freezer takes readers along Amy's journey through hope, joy, pain, and a hefty helping of hilarity, many will see themselves—because in so many ways, we have all been there. But we make it through to the other side, stronger, braver, better.

<b>Buddhist Precept and Practice</b> -Richard Francis Gombrich 1991 When this book was first published in 1971, under the title Buddhist Precept and Practice, The Times Literary Supplement Wrote: This is an epoch-making piece of research which must mark a change in direction and appreciation if it is taken seriously and studied in details. Dr. Gombrich is concerned with religious change in belief and practice, not only in modern times but over the two and a half millennia during which Buddhism has flourished. He concludes that Sinhalese Buddhism has been remarkably conservative and rejects the assumption that it degenerated from an original high standard, by questioning whether it ever was as pure as a superficial reading of classical texts might suggest. It would be very difficult to provide a combination of scholarship and sympathy such as that which pervades Dr. Gombrich s book and makes it a landmark in the study of religion. Out of print for many years, the book is now republished corrected but substantially unchanged. Richard Gombrich has been Boden Professor of Sanskrit, Oxford University and Professor Fellow of Balliol College since 1976. He has published 8 books and about 40 articles, mostly on Buddhism. His most recent books are Theravada Buddhism: A social History from Ancient Benares to Modern Colombo and Buddhism Transformed: Religious Change in Sri Lanka; the latter is intended to do for modern Sinhalese Buddhism in the cities what Precept and Practice did for its traditional manifestation in the countryside.

<b>Christians Talk about Buddhist Meditation, Buddhists Talk About Christian Prayer</b> -Rita M. Gross 2003-04-29 This book adopts the format of the editors'E previous book, Buddhists Talk about Jesus, Christians Talk about the Buddha. In that book eight scholar-practitioners–four of them Buddhist and four Christian–explored their relationship to the great religious figure of the other tradition. Then the remaining contributors, two from each tradition, addressed themselves, rebuttal fashion, to the views expressed. In the new book the subject is the differences and similarities between Buddhist meditation and Christian prayer. What can a Christian, for example, learn from the mental and physical rigor of Buddhist meditative practice? What can a Buddhist learn from traditional Christian prayer? Can one mix distinct religious identity (Christian) with practice techniques associated with another religion (Buddhist) without compromising the religious specificity of either the identities or the techniques? Christian contributors include Frances S. Adeney, Mary Frohlich, Paul O. Ingram, Ursula King, Terry C. Muck, Yagi Seichi, and Bardwell Smith. Buddhist contributors include Robert Aitken, Grace Burford, Rita Gross, John Makransky, Ken Tanaka, Robert Thurman, and Taitetsu Unno.
