Parables for Our Time-Tania Oldenhage 2010-04-10 Over the centuries, New Testament texts have often been read in ways that reflect and encourage anti-Semitism. For example, the parable of the "wicked husbandmen," who kill the son of their landlord in order to seize the land, has been used to blame the Jews for the death of Christ. Since the Holocaust, Christian scholars have increasingly recognized and rejected this inheritance. In Parables for Our Time Tania Oldenhage seeks to fashion a biblical hermeneutics that consciously works with memories of the Holocaust. New Testament scholars have not directly confronted the horror of Nazi crimes, Oldenhage argues, but their work has nonetheless been deeply affected by the events of the Holocaust. By placing twentieth-century biblical scholarship within its specific historical and cultural contexts, she is able to trace the process by which the Holocaust gradually moved into the collective consciousness of New Testament scholars, both in Germany and in the United States. Her focus is on the scholarly interpretation of the parables of Jesus. She sets the stage with the work of Wolfgang Harnisch who exemplifies the problems surrounding Holocaust remembrance in the Germany of the 1980s and 1990s. She then turns to Joachim Jeremias's eminent work on the parables, first published in 1947. Jeremias's anti-Jewish rhetoric, she argues, should be understood not only as a perpetuation of an age-old interpretive pattern, but as representative of German difficulties in responding to the Holocaust immediately after the war. Oldenhage goes on to explore the way in which Jeremias's approach was challenged by biblical scholars in the U.S. during the 1970s. In particular, she examines the turn to literature and literary theory exemplified in the works of John Dominic Crossan and Paul Ricoeur. Nazi atrocities became part of the cultural reservoir from which Crossan and Ricoeur drew, she shows, although they never engaged with the historical facts of the Holocaust. In conclusion, Oldenhage offers her own reading of the parable of the wicked husbandmen, demonstrating how the turn from historical to literary criticism opens up the text to interpretation in light of the Holocaust. If the parables are to be meaningful in our time, she contends, we must take account of the troubling resonances between these ancient Christian stories and the atrocities of Auschwitz.

Parables of Hope-Allen Jay Hoogewind 1998 This collection of heartwarming, true stories introduces some remarkable individuals. They are people with mental or physical handicaps -- and their lives reveal unexpected truths about the love of God. The striking thing about these stories, drawn from the author's personal experiences, is their humanity and the remarkable insights that arise in unexpected places. Parables of Hope helps us reframe our perspective on eternal values. It also shows how we as a church community can more effectively minister to people with impairments.

The Giant Book of Bedtime Stories-William Roetzheim 2007-02-15 A collection of traditional children's nursery rhymes, fables, Bible stories, proverbs, and fairy tales.

Jesus and His Jewish Parables-Brad Young 1989 "Jesus and his Jewish Parables' presents a fresh approach to the gospel parables and their rabbinic counterparts. The author, Brad H. Young, demonstrates that the parables must be studied as a unique genre of teaching which is preserved only in rabbinic literature and in the gospels. He sets out to show a very close association between the teachings of Jesus and early Jewish pedagogical methods. In a radical new conclusion, Young maintains that the kingdom of heaven theme - so essential for a proper understanding of Jesus' message - is not an eschatological concept designed to forewarn of

imminent catastrophe but rather a technical term Jesus employed to speak of God's reign as a present reality among those who have accepted the call to obey the divine will" -- Cover page 4.

The Talmud of Babylonia- 1993

Jesus' Time-Takashi Onuki 2008 In a groundbreaking approach to the self-understanding of the historical Jesus, the Japanese scholar Takashi Onuki asks how Jesus understood and experienced his own time and his place in it. He describes the "image network" woven by Jesus, which was severely tested in his last hours. Jesus sees his time as life in the "omnitemporal now".
