Accessible and easy to use, written to ensure meanings are clear, parts of speech and inflections are given in full.

The Glorumptious Worlds of Roald Dahl-S. a. Caldwell 2018-08 This fantastical and official new book, published just over 100 years after Roald Dahl's birth, will appeal to fans who grew up reading his stories, or reading them to their children, as well as to new readers who are discovering Dahl's world for the first time. It gives a brilliant new perspective on his most-loved (and hated) characters and stories. The Glorumptious Worlds of Roald Dahl brings together Dahl's wondrous creations and Quentin Blake's iconic illustrations with previously unpublished reproductions of imagined letters, artefacts, posters and much, much more. Inspired by the characters and events from each of Dahl's books, and including original thoughts and notes on yellow lined paper - as if written by Dahl himself - the book expands upon his stories in a humorous and creative way, making it the ideal addition to everyone's Dahl collection.

Australian Primary Oxford Dictionary-Amanda Laugesen 2015 Australian Primary Oxford Dictionary is an essential reference for Australian Upper Primary students with appendix words that identify core words in key learning areas.

Oxford Very First Dictionary-Clare Kirtley 2007 The Oxford Very First Dictionary introduces children aged 4+ to the features of a dictionary in an appealing way. The dictionary has over 300 familiar words each with a simple definition and an illustration which reinforces the definition. There are also pages of topic-themed vocabulary at the back of the book, all illustrated too. Each page is clearly laid out so it is easy to pick out the main features - the

alphabet down the side of the page, the letter of the page you are on in red. These are key features that young children come across as they start their non-fiction reading. A lovely extra for this age level is the illustrated opening letter - A shows a juicy apple, B shows some buzzing bees. A great introduction to the world of dictionaries.

Oxford Primary Dictionary-Oxford 2013-06-02 Enrich children's language with this dictionary for primary school students.

Roald Dahl's Rotsome Words 2020-Susan Rennie 2020-09-03 Get ready to be goose-gruggled and fluckgungled with disgusting, rotsome and repulsant words (and much more). You can have fun with Roald Dahl's language and the brilliant Quentin Blake's illustrations while discovering how language works in this little hardback book. Inspired by the World's No 1 storyteller, this book will give you all you need to start learning how language works - make up your own words, have fun and be bold with words!

Oxford IB Diploma Programme: Economics Course Book-Jocelyn Blink 2020-02-27 This comprehensive and engaging text, developed in cooperation with the IB, follows the new curriculum for first assessment in 2022. With accessible, engaging lessons students will actively relate economics to real-world issues and the global economy. The international examples and case studies encourage students to analyse economics in terms of present-day challenges and concerns. Conceptual links are provided to help students understand the over-arching big questions that relate economics to the multi-faceted challenges of the world economy including how it works and changes over time. Through inquiry-based tasks and links to TOK and ATL activities students will gain a deep understanding of economics. Practice activities will develop the skills required to succeed in the IB assessment including exam-style questions and data response questions. Clear explanations will help students achieve assessment success. About the Series: Oxford's IB Diploma Course Books are essential resource materials designed in cooperation with the IB to provide students with extra support through their IB studies. Course Books provide advice and guidance on specific course assessment requirements, mirroring the IB philosophy and providing opportunities for critical thinking.

The Hello Atlas-Ben Handicott 2016-09-28 Daily Telegraph: 'A beautifully illustrated children's book that offers a glimpse into the lives and languages of different children the world over' Explore the lives of children all over the world and celebrate one of humanity's greatest achievements: written and verbal language. With fully illustrated word charts, featuring children depicted in their home country and doing ordinary things, learn about more than 100 languages, from well-known and lesser-known indigenous languages that introduce us to some of the world's most remote communities. With a foreword by ethnobotanist and explorer, Professor Wade Davis, this unique book comes with a free, downloadable app for iOS and Android that allows you to hear the phrases in the book, each recorded by a native speaker.

Oxford Children's Picture Dictionary-L. A. Hill 1982

Three Little Monkeys-Quentin Blake 2017-11-07 Hilda Snibbs has three little monkeys. Their names are: Tim and Sam and Lulu. Each day, Hilda comes home to find a big mess! Will these silly little monkeys ever learn to behave? This funny, chaotic, and utterly delightful picture book from renowned children's book author and illustrator Quentin Blake and celebrated illustrator Emma Chichester Clark is a perfect story to treasure together.

Oxford Children's Spanish-English Visual Dictionary-, Oxford Dictionaries 2013-06-06 The new Oxford Children's Spanish-English Visual Dictionary is ideal for learning thousands of Spanish words for a range of topics from the human body to the environment. With illustrated items and engaging scenes labelled in both Spanish and English, it is easy to learn the word you were looking for - and a whole lot more!

Love from Boy-Donald Sturrock 2016-09-06 From the author of *The BFG*, *Matilda*, *James and the Giant Peach*, *Willy Wonka and the Chocolate Factory*, and many more beloved classics—a whimsical, witty, and revealing collection of the legendary children's author and writer Roald Dahl's letters written to his mother, from early childhood through Dahl's travels to Africa, his career in the Royal Air Force, his work in post-war Washington, D.C., and Hollywood, and the books that made him a literary star. Roald Dahl penned his first letter to his mother, Sofie Magdalene, when he was just nine years old. The origins of a brilliantly funny, subversive, creative mind were evident in boarding school, and as he entered adulthood, his penchant for storytelling emerged in his missives home from Africa, where he was stationed by Shell Oil, and then the desert camps of the Royal Air Force. His skills were sharpened after a plane crash in Egypt landed him in Washington, D.C., where his cheery letters home were cover for his work in the British Secret Service, along with gossipy updates on his spontaneous rise in Hollywood and his budding New York literary career. His mother was, in many ways, Dahl's first reader, and without her correspondence he might never have become a writer. Sofie Magdalene kept every letter her son wrote to her (sadly, her own side of the correspondence did not survive). It was she who encouraged him to tell stories and nourished his desire to fabricate, exaggerate, and entertain. In these letters, Dahl began practicing his craft, developing the dark sense of humor and fantastical imagination that would later produce his timeless tales. The author of *James and the Giant Peach*, *Charlie and the Chocolate Factory*, *Matilda*, and *The BFG*, Dahl is known by millions the world over today. But, writing candidly to the person who knew him best, Dahl was as singular a character as any he created on paper. Assembled by Dahl's authorized biographer Donald Sturrock, *Love from Boy* is a remarkable collection of never-before-published writing that spans four decades and chronicles the remarkable, unpredictable life of its author. While Dahl's books remain bestselling favorites for all ages, *Love from Boy* provides an unprecedented glimpse of the author through his own eyes—a life punctuated by tragedy, creative stagnation, unexpected fame, and fantastic adventure.

Oxford Illustrated Computing Dictionary-Oxford Dictionaries 2019-07-04 An easy-to-use illustrated dictionary that includes over 1000 words and meanings to help young learners understand key computing terms and concepts, essential for working with text and data, image editing, logic, programming, and communication technology. It includes words from the National Curriculum topics of algorithms, logical reasoning, computational thinking, data representation, computer networks, and digital devices. From the basic program, file, online, browser, URL to the more technical toolbar, sprite, variable, Boolean, JavaScript, CMYK, sequence and simulation, this book supports parents and teachers as well as children with the key vocabulary needed to learn about computing and work with computers in the classroom and in their everyday lives. A fully illustrated supplement provides extended information and builds vocabulary on topics ranging from computer components, hardware and software to computer games, how the Internet works, and coding terminology in block coding and Scratch going on to Python. This dictionary sits alongside the Oxford Primary Illustrated reference titles (the Primary Illustrated Dictionary, Thesaurus, Maths and Science titles), as well as supporting transition and lower secondary. It is also ideal for use with the International Primary Computing series for age 8+ and the Matrix Computing series for age 11+, and can be a key reference tool at school and at home. For free downloadable activity worksheets, go to a href="http://www.oxfordschooldictionaries.com"www.oxfordschooldictionaries.com/a

Illustrated English Thesaurus-Jane Bingham 2015-01-01 A clearly presented thesaurus with colourful illustrations and helpful suggestions for alternative words to inspire creative writing. Arranged alphabetically, and with a guide to parts of speech and choosing and using words. An essential and great value home or school reference book. With internet links to recommended websites containing useful English language resources.

Wonderland-Steven Johnson 2016-11-29 "Everyone knows the old saying "necessity is the mother of invention," but if you do a paternity test on many of the modern world's most important ideas or institutions, you will find, invariably, that leisure and play were involved in the conception as well." Most history books don't concern themselves with delight. History is the serious business of war, treaties, governments and monarchs. This is a different kind of history book. Steven Johnson argues that if you want to understand how we got to now, you have to understand pleasure and play. A staggering amount of the landscape of modern life is populated by environments and technology designed to entertain and delight us. Here history of popular entertainment, arguing that the pursuit of novelty and wonder is a powerful driver of world-shaping technological change. Throughout history, he locates the cutting edge of innovation wherever people are working the hardest to keep themselves and others amused. He introduces us to the colorful innovators of leisure: the explorers, proprietors, showmen, and artists who changed the trajectory of history with their luxurious wares, exotic meals, taverns, gambling tables, and magic shows.

The Australian Integrated School File Dictionary and Thesaurus-Anne Knight 2003 Reference book for students aged 10 to 16 years, particularly those in secondary school.
