Carrell 2008 For graduate or undergraduate upper-division courses in Negotiation, Conflict Resolution, or Labor Relations, which can be found in various departments such as business, law, education, engineering, psychology, and public administration. A major goal of the authors was to write a book that could be easily utilized in a variety of courses and would be universally appealing to students of all majors. To enhance the readability, they intentionally chose a "conversational writing style" rather than a traditional "textbook style" to engage students of various different backgrounds. The book has a lively and interesting approach and incorporates several unique features that focus on "real world" negotiation cases. These features include cartoons like the popular Zits series, offering the reader a humorous but realistic viewpoint as well as many practical bargaining tactics and tips. All

chapters include many boxed items and discussions of actual negotiations to illustrate major concepts and make them more accessible to students.

**Becoming Justice Blackmun**-Linda Greenhouse 2007-04-01 A Pulitzer Prize-winning correspondent with unprecedented access to the inner workings of the U.S. Supreme Court chronicles the personal transformation of a legendary justice From 1970 to 1994, Justice Harry A. Blackmun (1908-1999) wrote numerous landmark Supreme Court decisions, including Roe v. Wade, and participated in the most contentious debates of his era—all behind closed doors. In *Becoming Justice Blackmun*, Linda Greenhouse of *The New York Times* draws back the curtain on America's most private branch of government and reveals the backstage story of the Supreme Court through the eyes and writings of this extraordinary justice. Greenhouse was the first print reporter to have access to Blackmun's extensive archive and his private and public papers. From this trove she has crafted a

compelling narrative of Blackmun's years on the Court, showing how he never lost sight of the human beings behind the legal cases and how he was not afraid to question his own views on such controversial issues as abortion, the death penalty, and sex discrimination. Greenhouse also tells the story of how Blackmun's lifelong friendship with Chief Justice Warren E. Burger withered in the crucible of life on the nation's highest court, revealing how political differences became personal, even for the country's most respected jurists. *Becoming Justice Blackmun*, written by America's preeminent Supreme Court reporter, offers a rare and wonderfully vivid portrait of the nation's highest court, including insights into many of the current justices. It is a must-read for everyone who cares about the Court and its impact on our lives.
