Haunted Texts-William Evan Fredeman 2003-01-01 Begun by young rebels committed to revolutionizing the creative arts, Pre-Raphaelitism has moved from the margins of nineteenth-century art and literature to the vanguard of interdisciplinary studies. The term is now used to denote the Pre-Raphaelite, Aesthetic, and Decadent movements in art, culture, and literature, but it has remained as difficult to define as ever. Haunted Texts attempts to meet the challenge of defining and illustrating the full spectrum of Pre-Raphaelitism. Working with a diverse range of Pre-Raphaelite poetry, painting, decorative arts, book illustration, and political prose, the ten contributors to Haunted Texts pursue the critical strategies of such leading figures as Christina Rossetti and Dante Rossetti, William Morris and Oscar Wilde, Walter Pater, and Aubrey Beardsley. The essays consider the bibliocritical issues of archival research concerning the personal letters and diaries of the Rossetti family; the technological issues that challenge conventional methods of scholarship; the gender issues concerning constructions of identity derived from the changing conceptions of love, desire, anxiety, and brotherhood; and the interdisciplinary cultural issues that transgress the borders of high art and popular culture. Haunted Texts pays tribute to the scholarship of Professor William Fredeman who devoted much of his career since the 1950s to establishing a critical foundation that would enable future scholars to define their understanding of the complexity of Pre-Raphaelitism.

Haunted Bodies-Anne Goodwyn Jones 1997 In Haunted Bodies, Anne Goodwyn Jones and Susan V. Donaldson have brought together some of our most highly regarded southern historians and literary critics to consider race, gender, and texts through three centuries and from a wealth of vantage points. Works as diverse as eighteenth-century court petitions and lyrics of 1970s rock music demonstrate how definitions of southern masculinity and femininity have been subject to bewildering shifts and disabling contradictions for centuries.

Shirley Jackson-Ruth Franklin 2017-10-10 Instantly heralded for its "masterful" and "thrilling" portrayal (Boston Globe), Shirley Jackson reveals the tumultuous life and inner darkness of the literary genius behind such classics as "The Lottery" and The Haunting of Hill House. In this "remarkable act of reclamation" (Neil Gaiman), Ruth Franklin envisions Jackson as "belonging to the great tradition of Hawthorne, Poe and James" (New York Times Book Review) and demonstrates how her unique contribution to the canon "so uncannily channeled women's nightmares and contradictions that it is "nothing less than the secret history of American women of her era" (Washington Post). Franklin investigates the "interplay between the life, the work, and the times with real skill and insight, making this fine book a real contribution not only to biography, but to mid-20th-century women's history" (Chicago Tribune). "Wisely rescu[ing] Shirley Jackson from any semblance of obscurity" (Lena Dunham), Franklin's invigorating portrait stands as the definitive biography of a generational avatar and an American literary genius. 60 illustrations

One Hundred Years of American Women Writing, 1848-1948-Jane Missner Barstow 1997 This collection of American women's writing is based on two premises: that what is considered American literature has changed, and that American women played major roles in the growing fields of book and periodical publication by the mid-19th century. It covers 66 writers, all of whom were born or raised in the US, and who wrote primarily in English. Most are middle-class and white, although there are a few writers of color. All writers were well known in their time, published book-length works between 1848 and 1948, and were born between 1805 and 1905. Appendixes include listings of selected women writers by birth date and ethnicity. Annotation copyrighted by Book News, Inc., Portland, OR
