Club Date Musicians-Bruce A. MacLeod 1993 New York-area club date musicians play from memory, often drawing on repertoires spanning fifty years of popular music to produce arrangements on the spot. Impressive as their skills are, though, they occupy an ambivalent position: their art must be background, never overshadowing the event, whether a wedding, a bar mitzvah, or a debutante ball. Their artistic and musical skills, finely tuned for club date gigs, are rarely even noticed, much less remarked upon, by their audiences. Club Date Musicians is a pioneering ethnomusicological portrait focusing on the three hundred to five hundred New York musicians whose primary income is derived from playing private parties. Interviewing more than a hundred musicians and observing more than forty performances, Bruce MacLeod lets the musicians speak for themselves. MacLeod examines the relation of audience to performer, the ensembles' social and musical organization, the musicians' economic and social status, and the process of change within the musical culture. The reader will discover why New York club date musicians don't use written music, how rock and roll has affected the occupation, and why the stereotypical picture of the bored, inept club date performer is unfair.

Very Important People-Ashley Mears 2020-05-26 "Million-dollar birthday parties, megayachts on the French Riviera, and \$40,000 bottles of champagne. In today's New Gilded Age, the world's moneyed classes have taken conspicuous consumption to new extremes. In Very Important People, sociologist, author, and former fashion model Ashley Mears takes readers inside the exclusive global nightclub and party circuit-from New York City and the Hamptons to Miami and Saint-Tropez-to reveal the intricate economy of beauty, status, and money that lies behind these spectacular displays of wealth and leisure. Mears spent eighteen months in this world of "models and bottles" to write this captivating, sometimes funny, sometimes heartbreaking narrative. She describes how clubs and restaurants pay promoters to recruit beautiful young women to their venues in order to attract men and get them to spend huge sums in the ritual of bottle service.

New Club Kids-Oggy Yordanov 2011 This book's vibrant photographs reveal the outrageous fashion of London s pulsating club scene in the 21st century. The Noughties saw the rise of a new generation of Club Kids following in the footsteps of their predecessors - the original Club Kids of New York City, who, in turn, had followed London's Blitz generation. In the early 1980s, the Blitz Club in London's Covent Garden became the focal point for an alternative club scene-frequented by Adam Ant, Boy George, Siouxsie Sioux and Steve Strange-which spawned even more radical clubs such as Leigh Bowery's infamous Taboo club in London's Leicester Square. Bowery famously enjoined, 'Dress as though your life depends on it or don't bother', a mantra the new Club Kids have adopted as their own. They dress outrageously, with a penchant for kitsch and anti-fashion. Often with a mixture of their own self-made outfits and carefully selected labels (predominantly Vivienne Westwood), oversized accessories, excessive amounts of make-up and frequently highly androgynous looks, these flamboyant clubbers have created a vibrant New Club Kids' scene in London's bohemian nightlife underground. Fabulous or trashy, beautiful or scary, glamorous or freaky - meet the New Club Kids in these incredible photographs.

Joining a Prestigious Club-Maria Shagina 2017 Brussels's idea of a "wider Europe" implies that Europeanisation is not limited to EU member states. The EU can, so it claims, also exert impact beyond its borders. One of the channels of external EU influence is cooperation between Europarties and parties outside the Union. Through mutual visits and joint activities, non-EU parties become internationally socialised, i.e., are exposed to the Europarties' norms as well as values, and experience the rules as well as practices that shape European party-building. What are the incentives for Europarties and non-EU parties to cooperate with each other? What kind of, and how much, impact did cooperation have on party development in post-Soviet Georgia, Moldova, and Ukraine? Based on eighty interviews with party officials, international donors and academics, Maria Shagina outlines the set of motivations that trigger cooperation between Europarties and non-EU parties, analyses the impact of cooperation on party ideology, organisational structure, and inter-party behaviour in Georgia, Moldova, and Ukraine, and explores the implications of this cooperation on the standardisation, consolidation, and democratisation of the non-EU party systems. Her findings shed light on how prestige and domestic factors impede the penetration of EU norms and values in the non-EU party structures, and point to the failures of Europarties to adequately address problems of party-development in Eastern Europe. The book reveals the ways in which cooperation with Europarties has paradoxically contributed to the ossification of the status quo and impaired the development as well as the consolidation of democracy in the three Eastern Partnership states.
