**The Promised One (A 10-week Bible Study)**-Nancy Guthrie 2011-07-07 This first volume in the Seeing Jesus in the Old Testament Bible study series guides women through a Christ-centered study of Genesis. The Promised One provides a fresh look at the book of Genesis, leading women in discovering how its stories, symbols, people, and promises point to Christ. Over ten weeks of study, participants will see Christ as the agent of creation, the offspring who will crush the head of the serpent, the ark of salvation, the source of the righteousness credited to Abraham, the substitutionary sacrifice provided by God, the Savior to whom the whole world must come for life, and much more. Each weekly lesson includes questions for personal study, a contemporary teaching chapter that emphasizes how the passage fits into the bigger story of redemptive history, a brief section on how the passage uniquely points to what is yet to come at the consummation of Christ’s kingdom, and a leader’s guide for group discussion. A ten-session DVD companion set is also available.

Livy notices him the moment he walks into the coffee shop. He’s heart-stoppingly stunning, with a blue-eyed gaze so piercing she’s almost too distracted to take his order. When he walks out the door, she thinks she’ll never see him again. Then she finds the note he left on his napkin . . . signed M. All he wants is one night to worship her. No feelings, no commitment, nothing but pleasure. Every defense mechanism Livy has adopted during her solitary life is at risk of being obliterated by this confounding man. He’s obnoxious but well-mannered. He’s a gentleman but aloof. He’s passionate but emotionless. Yet the fascination is so powerful, Livy can’t deny him . . . or herself. M awakens something in Livy, something deep and addictive that she never knew existed-and that she fears only he can satisfy. But she senses that behind the fast cars, fancy suits, and posh apartment, he’s aching inside. To have him, body and soul, she’ll have to brave his dark secrets. Delving into his world and breaking down his defenses become her obsession-an obsession that could shatter her heart beyond repair . .

**The Charisma Machine**-Morgan G. Ames 2019-11-19 A fascinating examination of technological utopianism and its complicated consequences. In The Charisma Machine, Morgan Ames chronicles the life and legacy of the One Laptop per Child project and explains why—despite its failures—the same utopian visions that inspired OLPC still motivate other projects trying to use technology to “disrupt” education and development. Announced in 2005 by MIT Media Lab cofounder Nicholas Negroponte, One Laptop per Child promised to transform the lives of children across the Global South with a small, sturdy, and cheap laptop computer, powered by a hand crank. In reality, the project fell short in many ways—starting with the hand crank, which never materialized. Yet the project remained charismatic to many who were captivated by its claims of access to educational opportunities previously out of reach. Behind its promises, OLPC, like many technology projects that make similarly grand claims, had a fundamentally flawed vision of who the computer was made for and what role technology should play in learning. Drawing on fifty years of history and a seven-month study of a model OLPC project in Paraguay, Ames reveals that the laptops were not only frustrating to use, easy to break, and hard to repair, they were designed for “technically precocious boys”—idealized younger versions of the developers themselves—rather than the children who were actually using them. The Charisma Machine offers a cautionary tale about the allure of technology hype and the problems that result when utopian dreams drive technology development.
