## **The Last Time Traveler-**

Aaron J. Ethridge 2017-02-04 Robert is a time traveler. In point of fact, he's the last time traveler. He managed to snag that impressive title because when he comes from has no future. This, as you can imagine, makes it much easier to be the last of any number of things. The current lack of future is due to the mess all his predecessors, the previous time travelers, made of things. It's Robert's job to repair the damage they did in the hopes that this will jump-start time. Fortunately he's assembled the most brilliant team in history to do the job. At his disposal are the best hackers, mechanics, and doctors who ever lived. He and his elite band have to do their best to un-

steal ancient artifacts, un-kidnap people of importance, and un-sell advanced technologies while doing as little damage to the timelines as possible. The Last Time Traveler is a rather unique sci-fi romantic comedy. In fact, it's more like a comedy romance sci-fi if you put things in the correct order of importance. The humor is in some ways rather outlandish and draws on pop-culture a good bit. And all the romance is PG-13. If you're even the slightest bit curious read a few sample pages. By the third or fourth page you'll probably know whether this is your cup of tea or not. The style stands-out, no question. So, take a couple of minutes and read a few pages. You might just love it.

legendary Ty Cobb in 1908, thanks to Ariyl Moro and her mysterious companion, Jon Ludlo. Except the ball tests out to be an impossible paradox. In a world where even small changes in the timeline can cause catastrophic consequences, Ludlo's actions may completely destroy the future. She doesn't get traffic, she's freaked out by photos and she's terrified of TV. And she knows about the past -- body snatchers, making fires, and pet monkeys. Her dad does a bit of time travel. But obviously, he's not very good at it. I mean, he got her lost. Now it's me that has to get her back ? to 1812!

**The Art of Time Travel**-Tom Griffiths  
2016-06-27 No matter how practised we are at history, it always humbles us. No matter how often we visit the past, it always surprises us. The art of time travel is to maintain critical poise and grace in this dizzy space. In this landmark book, eminent historian and award-winning author Tom Griffiths explores the craft of discipline and imagination that is history. Through portraits of fourteen historians, including Inga Clendinnen, Judith Wright, Geoffrey Blainey and Henry Reynolds, he traces how a body of work is formed out of a life-long dialogue between past evidence and present experience. With meticulous research and glowing prose, he shows how our understanding of the past has evolved, and what this changing history reveals about us. Passionate and elegant, The Art of Time Travel conjures fresh insights into the history of Australia and renews our sense of the historian's craft. 'Griffiths' luminous new work underlines the inarguable point that if we are truly to understand our history, we must get to know those who wrote it. A must-read for anyone interested in Australia's past.' —Tim Flannery 'If the past is a foreign country, Tom Griffiths makes the perfect travelling companion. Erudite but honest. Generous yet discerning. Warm, perceptive and nothing if not elegant. Let him be your eyes and ears on our shared history. Most of all, follow his heart.' —Clare Wright, author, historian and winner of the Stella Prize 'Tom Griffiths has the rare, reconciling capacity to envisage Australian history as a symphony, created by many voices – the discordant as well as the harmonious – that tells an evolving, bracing story of who we are. —Ken Inglis AO, award-winning author and historian 'A rare feat of imagination and generosity. No other historian has so eloquently and powerfully conveyed history's allure. The Art of Time Travel will remain relevant for decades to come.'

—Mark McKenna, award-winning author and historian 'An historian at the height of his powers. This is book is not only a meditation on the past, but a rallying cry for the future, in which Australia's history might be a source of both unflinching self-examination and poetic wonder.'

—Brigid Hains, editorial director, Aeon Magazine 'Events happen, but history doesn't write itself. By exploring the intellectual and emotional backstories of fourteen people who have crafted Australian history, Tom Griffiths shows how and why it is done. In the process, he has created a beautiful work of history.'

—Julianne Schultz AM FAHA, founding editor of Griffith Review 'Sharp insights, thoughtful judgment, a generous spirit - Griffiths' panorama of Australian historians shows why any similar survey conducted in the future will include his own artful work among the honoured.'

—Stephen J. Pyne, Arizona State University 'An enthralling account of the intellectual rediscovery of Australia by fourteen of its most innovative explorers, vividly brought to life by a gifted interpreter. Tom Griffiths' lyrical prose is mesmerizing in its mastery of Australia's conjunctures of land and lineage, history and memory, fact and fable.'
