Junkyard-Roland Löwisch 2020-05-12 Junkyard offers the only known photographic documentation of car collector Rudi Klein's famed stockpile of distraught—but rare and valuable—vehicles from Porsche, Mercedes-Benz, Ferrari, Aston Martin, Maserati, and more. In 1967, Rudi Klein began quietly buying up wrecked, damaged, and worn-out high-end European cars under the business moniker "Foreign Auto Wrecking." Over time, he amassed a stunning collection of treasures. Among the stash is a one-of-one 1935 Mercedes-Benz 500K built for pre-war Mercedes racer Rudolf Caracciola. No one is precisely sure what other prizes rest behind the yard's not-open-to-the-public gates. Some 20 years ago, and after much negotiation, photographer Dieter Rebmann and author Roland Lowisch were permitted rare entrée to the salvage yard's grounds to document its residents. This record of Klein's collection is

Gentlemen, Start Your Engines!-Jared Zaugg 2015-04 Bonhams is the world's go-to source for classic race and sports cars. In this book, the auction house presents a selection of the most breathtaking models and tells their stories. It might only take a slight turn of the ignition, but firing up classic cars also makes great moments in automobile history come to life. Every page of *Gentlemen, Start Your Engines!* gives the reader a sense of the intensity of true automobile culture. Large-format images showcase sleek shapes and tactile vintage interiors in loving detail. The book was compiled by Jared Zaugg, a man who founded one of the coolest high-end motorcycle events in the world, the Legend of the Motorcycle: International Concours d'Elegance. Although Zaugg has mostly been associated with two-wheelers, in *Gentlemen, Start Your Engines!* he revels in his second passion--double the number of wheels and double the fun! In

cooperation with Bonhams, the largest auction house for classic cars, Jared Zaugg reveals the undeniable icons of the scene. The book features a selection of models that go far beyond mere technical stats and gleaming chrome. Rather, they all offer something far more valuable: unique stories. These include the legendary Hurst Baja that Steve McQueen drove in an off-road race through the desert outside Las Vegas in 1968 until its axle broke. Or the famous Bugatti Brescia Tyre 22 from 2915 that lay on the bottom of Lake Maggiore for over 70 years before its remains were recovered in 2009. Then there are classic beauties such as the Aston Martin DB4GT, as well as a collection of historical vehicles that call to mind the origin of the word "horsepower" and the automobile's humble beginning as a noble carriage. All the big names are included, but the focus is on what can be found behind the logos and the polished surfaces. With its striking photographs and compelling texts, *Gentlemen, Start Your Engines!* truly captures the feeling of these unique cars. As lovers of exclusive limited series, record-making vehicles, and legendary

While it will inspire some to dream and fuel envy in others, it offers superb stories for everyone.
