She's got a hot new makeover . . . and a boss to seduce! For prim and proper Ryan Ashton, sexy has always been an elusive quality. But with a little help from a new friend, she just might snag the one man who can set her seductive side loose in Codi Gary's *The Trouble with Sexy*. Stuck in a king-size suite with a sexy man . . . What more could a girl want? But for Julie Dillon, being snowed in at an Elvis-themed Memphis hotel with Luke Pearce can't mean anything but trouble. Too close for comfort gets close enough to taste in Cheryl Harper's *Love Me Tender*. Her best friend's brother is shaking up her Valentine's Day! Katie Quinn just wanted to spend the day watching *Jurassic Park* and eating chocolate. She certainly had no intention of running into Logan Cross—or running for her life! Suddenly caught in the crosshairs of danger, Katie and Logan must get together to find a way out in Jaclyn Hatcher's *Love, Guns, and Heart-Shaped Chocolate*.

Valentine Kisses-Abigail Drake 2017-01-14 Valentine's Day Kisses....A set of sweet and smoldering stories by some of Inkspell Publishing's authors. These award winning and best-selling authors created a holiday anthology you won't soon forget! *Lola Flannigan* by Abigail Drake Seven is not lucky for Lola Flannigan. Although it's the number of years she's been in business for herself, running a successful hair salon, it's also the number of times she's spent Valentine's Day all alone, getting drunk on cheap wine and expensive chocolate. One more thing. It's the number of times she's been struck by lightning, and walked away unharmed. She should be dead. She realizes that. And as much as she's grateful to be alive, she now has a little electrical problem. Her hands have become weapons of mass destruction, capable of shocking anyone she touches with deadly force. Things start to look up the day sexy millionaire Morgan Slade struts into her shop and demands a haircut. Just when Lola thinks life might finally be going her way, everything goes from bad to so much worse. Red-eyed mutants dressed in SWAT gear shoot up her shop, and she has seconds to decide whether to trust Morgan, or if he might be her unluckiest move of all. At least it looks like she won't be by herself on Valentine's Day this year. *Hearts Must Be Broken* by Bridie Hall Can love forgive murder? When a ghost from her past wants to take revenge on twenty-year-old Anais, the only one she can turn to for help is Damon. But things quickly become complicated because he has feelings for her and she doesn't want a relationship. Can she learn to trust him and can he forgive her past? *Not Today* by Lisa Hahn A chance meeting in the park sends Emily and Ezra on an emotional journey neither had been expecting. Emily Scott is mourning the loss of a parent. Ezra Cavanaugh is ready to give up on his dreams of literary success. Will their new connection be enough to help them pull through these trying times? *Avalanche* by Kim Briggs Lexi returns to her first love, Wolf Creek Ski Resort, with ambitions of becoming a ski instructor. She soon finds herself in the middle of a longtime feud between Gabe, a snow groomer who gives off the broken vibe Lexi finds irresistible, and Harrison the fourth, playboy son of Wolf Creek's owner who always wants what Gabe has. Tensions boil at Wolf Creek, and Lexi's heart might not be the only thing at stake. *Lost & Found* by Shilpa Mudiganti Valentine's Day is just around the corner and Aisha, who is still grieving for her ex-boyfriend, John, is in for a surprise. Liam, John's best friend, who has had feelings for her but had to keep his feelings in check is ready to prove his love for her. But is she ready to risk her heart again? Aisha lost the love of her life to fate. And then Liam happened. *What's Better than a Book Boyfriend* by Sarah Vance-Tompkins How can a real man compete with a book boyfriend? Shy librarian Charlie Bishop has spent every Valentine's Day in the company of one of her beloved book boyfriends. Despite his many attempt to gain her attention, Charlie is absolutely certain she has nothing common with hunky construction worker Hank Carter. So how far will Hank have to go to prove to Charlie he's better than any of her book boyfriends?

The Science of Kissing-Sheril Kirshenbaum 2011-01-05 From a noted science journalist comes a wonderfully witty and fascinating exploration of how and why we kiss. When did humans begin to kiss? Why is kissing integral to some cultures and alien to others? Do good kissers make the best lovers? And is that expensive lip-plumping gloss worth it? Sheril Kirshenbaum, a biologist and science journalist, tackles these questions and more in The Science of a Kiss. It's everything you always wanted to know about kissing but either haven't asked, couldn't find out, or didn't realize you should understand. The book is informed by the latest studies and theories, but Kirshenbaum's engaging voice gives the information a light touch. Topics range from the kind of kissing men like to do (as distinct from women) to what animals can teach us about the kiss to whether or not the true art of kissing was lost sometime in the Dark Ages. Drawing upon classical history, evolutionary biology, psychology, popular culture, and more, Kirshenbaum's winning book will appeal to romantics and armchair scientists alike.
