Noah Webster and His Words -Jeri Chase Ferris 2012-10-23 Golden Kite Award for Nonfiction Webster's American Dictionary is the second most popular book ever printed in English. But who was that Webster? Noah Webster (1758-1843) was a bookish Connecticut farm boy who became obsessed with uniting America through language. He spent twenty years writing two thousand pages to accomplish that, and the first 100 percent American dictionary was published in 1828 when he was seventy years old. This clever, hilariously illustrated account shines a light on early American history and the life of a man who could not rest until he'd achieved his dream. An illustrated chronology of Webster's life makes this a picture perfect bi-og-ra-phy [noun: a written history of a person's life].
Word by Word -Kory Stamper 2017-03-14 "We think of English as a fortress to be defended, but a better analogy is to think of English as a child. We love and nurture it into being, and once it gains gross motor skills, it starts going exactly where we don't want it to go: it heads right for the goddamned electrical sockets." With wit and irreverence, lexicographer Kory Stamper cracks open the obsessive world of dictionary writing, from the agonizing decisions about what to define and how to do it to the knotty questions of ever-changing word usage. Filled with fun facts—for example, the first documented usage of “OMG” was in a letter to Winston Churchill—and Stamper's own stories from the linguistic front lines (including how she became America's foremost “irregardless” apologist, despite loathing the word), Word by Word is an endlessly entertaining look at the wonderful complexities and eccentricities of the English language.
