The Youth and Teen Running Encyclopedia -Mick Grant 2014-02-18 This "is the first ever complete guide for middle and distance runners ages 6 to 18 and their coaches and parents. It shows the proven formula of Mick Grant, which produced National Champions several years in a row from a group of ordinary local kids, near Mick's home in Northeast Massachusetts, who asked him to be their coach. The book lays out in detail how youth and teen athletes and their coaches or parents can take them to successively higher levels, year after year, after year, following the proven success of Mick's training program. What differentiates this program and this book from other programs and books is that it is a unique blend of building endurance and improving basic speed throughout the year, so that the athlete is much better next year than they are this year. The program uses a FUN FIRST approach, making sure the athlete is enjoying what they are doing, and staying healthy to allow consistent training. It is the first such book to cover every topic imaginable for the youth and teen middle/distance runner, jammed packed with over 225 pages of vital information. This book is a must read for all youth runners age 6 to 18, and anyone helping youth runners starting on the way to a life long enjoyment of running, and a successful running career, including youth runners, parents of youth runners, youth runner club coaches, and high school coaches. While this book is geared to youth runners, it is a valuable resource to all middle and distance runners and coaches, regardless of age or level, because the same basic principles apply to all middle and distances runners." --P.
